Fayette Youth, 17, Killed as Tractor Overtakes in Ditch

A Fayette County youth, Fred Hartman, 17, died of a broken neck on the way to Memorial Hospital Saturday afternoon after a tractor he was driving ran off the road and overturned on him.

The fatal accident occurred on the Blessing Rd., about two miles north of Jeffersonville, at 2 p. m., and within 200 yards of the elevator and feed mill on the A.

Allen To Seek Reelection as County Auditor

County Auditor Harry R. Allen has announced his candidacy for the Republican nomination, at the primary election May 6, for the office he now holds. The general election to follow is on Nov. 4.

His nominating petition, a re-already in circulation.

Appointed Oct. 29, 1955, to fill the unexpired term of Ulric Acion whose death caused the vacancy.

HARRY R. ALLEN

Allen was elected at the next regular election in November 1956, to fill the position for the remainder of the unexpired term which ends on the second Monday of March 1959.

In seeking reelection Allen points to his many years of experience in various public offices and to his many years in the public school teaching profession, which he feels gives him the necessary background qualifications for the position he has been filling. When appointed by the county commissioners to the auditorship he had the unanimous endorsement of the Fayette County Republican Executive Committee.

ALLEN WAS BORN near Oeta, March 28, 1902, on a farm and still lives near his birthplace. He graduated from Washington High School in 1921 and from Wilmington College, with a B. S. degree in 1927.

He taught school in the elementary grades in Fayette County and later in high schools of Hocking and Madison counties. In 1931 he returned to Fayette County to follow this profession in the Millersburg schools for the next 10 years.

Allen has served as a member of both the Millersburg and Oeta village councils, also on the Board of Education of the Jasper Township district. He was elected clerk of Jasper Township in 1933 and served continuously in that position until he was appointed county auditor.

In 1947 he returned to the teaching profession as instructor in agriculture for war veterans at Good

Local Officers To 'Bear Down' On Reckless Holiday Drivers

The New Year's holiday traffic toll won't equal the nation's record Christmas fatality total if local law officers have anything to say about it.

Both Sheriff Orland Hays and Police Chief D. Vaiden Long said they will bear down heavily on "irresponsible drivers making light of caution and care particularly necessary during the holiday season."

The chief of police said drunk drivers will go to jail immediately, and the sheriff agreed they will make "every effort" to answer a special holiday call from Gordon Jeffery, director of the Ohio Department of Highways safety Division, asking extra efforts in the direction of holiday highway enforcement.

JEFFERY said officers all over Ohio have added their support to

Wanted Gunman Dies in Crash During Chase

Driver of Car He Hit Fleeing from Police Also Is Killed

WRENS, Ga. (AP)—One of two gunmen wanted in the slaying of two men in Washington, D. C., was killed Sunday night in the flaming crash of a stolen car being chased by police at speeds of up to 110 m.p.h.

The state patrol said Henry Clay Overton, 44, of Martinsville, Va., died when the car he was driving swerved and smashed headon into another auto. The crash occurred on U. S. 1 about four miles north of this east central Georgia town.

The driver of the other car, listed as Charlie Wray of Cocoa, Fla., and High Point, N. C., also was killed.

The patrol said a massive hunt was in progress for Overton's companion, Russell Wayne Carpenter after, 21, of Washington.

Officers found a sawed-off shotgun and "enough ammunition to stand off a company of men for a week" scattered about the 1958 car Overton was driving.

Death of the gunman climaxed a spree of violence which began early Friday with the fatal shooting of two men in a Washington bar.

Overton's death came after Knight and his partner, Cpl. F. R. Caltion, spotted the stolen car in Wrens, and gave chase at speeds up to 110 m.p.h.

"Suddenly he swerved across the center line and hit this other car headon," Knight said.

Overton and Carpenter were charged in warrants with kidnapping, unlawful flight to avoid prosecution for murder and auto theft.

The murder warrants were issued after the Washington shooting. The men spent several hours drinking in a bar, argued over a \$20 tab and left. About 15 minutes later they returned and opened fire with a .45 caliber pistol and a sawed-off shotgun, police said.

The restaurant operator, George P. Kaldes, 33, was killed as was Kenneth Fisher, 32, a guitar player in the restaurant's small band. A blind pianist, Bernard J. Mainier, 28, was shot and was reported paralyzed from the waist down.

Police said the men fled in a car driven by Overton, abandoned it and took a car occupied by Doris Mattingly, 19, and Army PFC. Larry Lee Monteith, 21. The girl was released near Richmond, Va., and Monteith managed to work his way out of the locked trunk of his car near Albert, Va., police said.

The fugitives then commandeered another car, driven by Asonia G. Allman of Richmond. She was released unharmed Saturday afternoon in Cheraw, S.C.

New Contract For Teamster Union Reached

CHICAGO (AP)—Teamster Union leaders and negotiators for trucking operators in 12 central states have reached a tentative agreement on new wage increases and other benefits.

The agreement must be approved by union members and employers. Details were not announced.

James Hoffa, Teamster president-elect and head of the union's Central State's council, said the union got substantially what it asked for—a package increase of 42 cents an hour.

However, an employer negotiator, Barney Cushman of Chicago, said increases "won't reach that proportion."

Results of the negotiations will affect some 96,000 cartage and intercity drivers in the Central States. They also are expected to set the pattern for about 500,000 other members of the giant union.

Hoffa said representatives of about 100 locals will meet Jan. 9 in Chicago to hear the proposed agreement.

Current base pay for drivers involved is \$2.27 an hour.

Negotiations covered teamsters in Ohio, Michigan, Indiana, Illinois, Wisconsin, Minnesota, Iowa, Missouri, North Dakota, South Dakota, Nebraska, Kansas and the city of Louisville, Ky.

Ike OKs \$1 Billion Federal Aid-to-Education Plans

10,000 U. S. Scholarships Contemplated

GETTYSBURG, Pa. (AP)—A \$1 billion four-year program to bolster education was approved today by President Eisenhower. It contemplates 10,000 federal scholarships each year and 50-50 matching grants to states.

The plan was released after Secretary of Health, Education and Welfare Folsom conferred for an hour with the President.

Folsom said he had talked about the program to congressmen and felt it would receive a favorable reception when it goes to Congress for approval.

Folsom said the federal program would try to correct deficiencies in education "which if allowed to continue would seriously weaken our national security effort," and is an answer to Russia's continuing buildup in the science field.

But, Folsom made it clear that science and mathematics would not be stressed alone. He said the scholarship program aims to bring thousands more students into colleges.

THE PROGRAM calls for: Appropriation of \$225 million in the first year with a four-year total of \$1 billion.

Of this sum, about \$800 million is estimated as part of the 50-50 matching grants-in-aid program for the states.

Officials have reported the administration's program would include federal scholarships to help worthy high school students continue their education. While the emphasis would be given to science and mathematics, it would not be confined to these fields.

This belief was strengthened Sunday in a letter the President sent to Kevin McCann, president of Defiance (Ohio) College, where a western Ohio conference on science and mathematics teaching opened today. McCann is a former presidential aide.

Eisenhower wrote that in the circumstances of this time "we naturally emphasize the need for expansion and improvement in our science and mathematics program." But, he added, "in no way do we ignore the constant need and the permanent values of general education that enriches our working lives and that enables us to be better citizens of the republic and the world."

Russian Says More Satellites Planned

MOSCOW (AP)—Lt. Gen. Anatoly Blagonravov, the rocket expert of the Soviet Academy of Sciences, says Russia will launch new earth satellites in the near future.

Blagonravov, in an article in Soviet Aviation, said the launches would be followed by sending the first unmanned rockets to the moon and other planets. He set no time targets.

OSU Prof Urges Americans To 'Think, Speak Science'

DEFIANCE, Ohio (AP)—To keep abreast of the Russians, the American people must come to "know, think and speak science," Dr. John S. Richardson of Ohio State University said today.

Dr. Richardson, professor of science education at OSU and past president of the National Science Teachers Assn., addressed a group of educators, businessmen and leaders of labor and industry meeting here in an effort to solve the shortage of high school mathematics and science teachers.

With an attendance of only 150 anticipated, registration reached 200 this morning.

Dr. Richardson said Americans have "only begun to become aware of the critical place of science in our lives . . . American citizens must become scientifically literate. A widespread knowledge of science among our people is the biggest challenge to the teaching profession."

Dr. G. Baley Price, chairman of the one-day conference, said the nation can solve the problems of providing an adequate number of scientists and mathematicians "only by providing an adequate number of properly trained teachers."

Revelry, Reverence To Mix At Nation's New Year Eve

By THE ASSOCIATED PRESS
That extraordinary evening with its strange mixture of gaiety and reverence is at hand again. Tuesday is New Year's Eve.

Across the country, night clubs, taverns and hotel ballrooms strung up their bright balloons and crinkly paper, readying their liveliest shows and menus for the revelers.

Prices were about the same as last year, averaging around \$15 a person in most cities for dinner, dancing, paper hats and noise makers, with drinks extra. But you could pay a lot more—or a little less—according to the spot.

At the same time, religious leaders set down messages of hope and pleas for justice and dedication to God in the year ahead. Thousands of churches planned "watch night" services with music, devotion and communion.

The Moravian Church will hold its 193rd annual "memorabilia" services shortly before midnight at Winston-Salem, N. C.

The custom, in which the year's events are recounted, originated in colonial Salem where Moravians depended on the pastor to keep them informed of happenings in community, state, nation, and world in the outgoing year.

In New York City's St. Patrick's Cathedral, there will be a special New Year's Eve mass, with emphasis on peace and brotherhood among peoples of North South, and Central America.

In Las Vegas, Nev., where establishments were reported booked solid for the evening's whoopla, one hotel announced it will hold a New Year's Day "hangover party" from 10 a. m. until cured.

In St. Louis, a \$25-a-person champagne supper will be held at the Hotel Chase as a benefit for the city's 85-member symphony orchestra. It will play a pop concert under direction of Boston conductor Arthur Fiedler.

There'll be a wry favor to motorists on New Jersey's State Parkway. Drivers in the after midnight hours will be offered "one for the road" at parkway restaurants—a free cup of coffee, compliments of the Parkway Authority.

At many places, night clubs reported capacity reservations. The Sands Hotel, in Las Vegas, said it got 42,000 requests for reservations, but could handle only 600.

One explanation: two years ago, the owners picked up a \$25-a-plate tab of celebrants, and last year, passed out expensive gifts and champagne. The profits came back over the gambling tables.

Generally, prices were reported little changed. As usual, they were higher in the big cities, and flossy clubs.

In Chicago, the top was \$24.60 a person at the Chez Paree for a steak dinner and entertainment.

Drinks and tips were extra. The Ambassador's Pump Room is changing \$20 a head for mid-night supper and dancing.

In New York City, the Waldorf-Astoria's Empire Room set a price of \$37.50 a person; the Hotel Ambassador, \$30; the Stork Club, \$15; the Latin Quarter, Copacabana and St. Regis, \$25.

In many cities, numerous clubs

simply declared "open house" with no minimums set.

In Detroit, the Statler Hotel, expecting a capacity crowd, set a \$10 per person cover charge, with floor show. The Wonder Bar offered dinner at \$12.50. Elmwood Casino, the area's biggest night spot, set a \$7.50 cover.

In Cincinnati, the Beverly Hills will charge \$15 a person, covering food but not drinks.

Record Peacetime Budget Expected

WASHINGTON (AP)—The Eisenhower administration's first post-Sputnik budget may total nearly \$74 billion, a peacetime record.

And Congress, alarmed by recent signs of Russian strides in missiles, satellites and space science, is expected to give a friendly reception to at least the military part of the budget request for the next fiscal year.

Defense items probably will account for about \$40 billion of the new budget total, an increase of more than \$1 billion over the current spending rate.

Whatever budget cutting Congress may undertake may be aimed at requests for civilian programs. Present indications are that these requests may be held at previous levels, but not reduced appreciably.

President Eisenhower will send Congress his fiscal 1959 budget early next month. Congress reconvenes a week from Tuesday.

AN OFFICIAL who has been in on final budget preparations said Sunday that over-all government spending next year "apparently will be somewhere between 73 and 74 billion dollars, but closer to the high figure."

The current year's total has been running at the rate of about \$72 billion, but Secretary of Defense McElroy said recently he will ask for about \$1 billion more to push ahead more quickly in fiscal 1958 with missiles and other top priority military work.

Air Force Plans IRBM Strategy

WASHINGTON (AP)—The Air Force's constantly revised strategic plans now include arrangements on how intermediate range ballistic missiles would be used in event of war.

The operational plans for both long-range, air-breathing guided missiles and intermediate range ballistic missiles are understood to have been completed and incorporated in the over-all war-time plans of the USAF about six months ago.

This was done even though the IRBM weapons may not become a part of the available arsenal for another year.

The Air Force maintains three basic strategic blueprints which cover periods ranging from the next 60 days to as much as 13 years. They are the short-range "war-time capabilities plan"; the "mid-range wartime" plan containing D-day data up to four years in the future; and the "long-range wartime objective plan."

The air-breathing Snark guided missile, with a range of 5,000 miles, is now considered operational by the Air Force and launching sites are being organized.

THE AIR FORCE expects the first deliveries of the Thor IRBM, with a maximum accurate range of 1,500 miles, to be made late in 1958. But as part of the forward planning, details for the operational use and command structure of IRBM squadrons have been put into the war plans folio.

Presumably these details include not only the proposed base from which IRBMs would be launched but a "target list" like those prepared for operation of conventional, manned bombers.

The details, of course, are

The official who discussed spending plans said the administration hopes its fiscal 1959 budget will be in balance and he indicated an effort will be made to compensate somewhat for stepped-up missile outlays by reducing some other military programs.

Although Eisenhower has said some civilian programs may have to be eliminated to help offset greater defense spending, this official indicated the emphasis may be on holding the line.

On the civilian side of the budget, he said, "The main idea will be to prevent any increase."

A possibly significant reaction to reports of a \$40 billion request for defense came from Sen. Hayden (D-Ariz.), chairman of the Senate Appropriations Committee, a key group in Congressional action on the budget.

Hayden described the \$40 billion total as "a modest amount for defense." The Arizona senator said at the same time he is not pleased at talk of reducing outlays for what he termed "wealth producing activities." Among these, he listed reclamation and flood-control projects.

Other Congress members also have cautioned against jettisoning civilian programs in the rush to strengthen U. S. defenses. But some have voiced skepticism at the need for as much as \$40 billion for defense next year, and have urged reductions in foreign aid.

highly secret but an IRBM list might include potential targets as deep in central Russia as the Ural Mountains, if launching points from Turkey were used.

From bases in the United Kingdom and Free Europe, Moscow would be within IRBM range.

Because the Air Force believes that it may be many years, if at all, before the missile entirely displaces the manned bomber, strategy now is constructed around the coordinated use of both types of weapons.

Some Air Force planners have suggested that instead of a single massive, simultaneous blow against all targets on the list, a series of powerful attacks would be spread out over the first several hours of a war.

WCH Man Held to Grand Jury For Possession of Marijuana

A Washington C. H. man was bound over to the grand jury under \$5,000 bond in Municipal Court Monday after he pleaded innocent to a police-filed charge of illegal possession of marijuana—the first such count filed here in at least two years.

Police Chief D. Vaiden Long said Everett Bennett, 29, gave his address as 104 W. Paint St., but the chief said he understood Bennett has been living lately at 221 1/2 E. East St., where he was arrested Friday.

Chief Long and Patrolman Robert Williams took Bennett into custody Friday night as he was

Council's appreciation also took the form of a gold-filigreed carafe which was presented to Miss Melvin at the last meeting of the legislative body. Mrs. Lewis Elliott, 944 Lincoln Dr., will replace Miss Melvin who suffered a heart attack a year ago and asked to be relieved of duties which have more than trebled since she took office.

Tip Nets Three After Burglary

15-Year-Old Lad Describes 'Ride'

Three Greenfield youths are in county jail awaiting grand jury action as a result of a sheriff's tip a 15-year-old boy whom they "took for a ride" to a Fayette County burglary Friday night.

Held under \$2,000 bond each after a Municipal Court hearing Monday were Manfred E. Mootispaw, 20, his brother, George, Jr., 22, and Raymond Hurlis, 19, all of Greenfield.

They were arrested Saturday after a middle-of-the-night telephone call alerted Sheriff Orland Hays that they had broken into the Lucas and Son Town & Country Market, Route 22 west, the previous night.

THE CALL came from a boy who would identify himself only as "Mick," aged 15.

He said he had gone for a ride with them earlier in the evening, and that they had gone to the market, broken open a back door, and stolen two cases of beer, 12

Father, Child Hurt As Fire Fells Wall

BOLIVAR, Mo. (AP)—An explosion of accumulated gases tumbled a section of brick wall onto spectators watching a fire which destroyed two buildings and damaged two others here Sunday.

Clyde Edward Fish, 34, and his 11-year-old daughter, Linda, were injured critically. Three others were hurt. Both Fish and his daughter had skull fractures and the girl's legs were broken.

Chief Long had the packet analyzed at the London Bureau of Criminal Investigation Saturday, where it was definitely labeled as marijuana.

Bennett was returned to jail after his arraignment when he was unable to post the required bond.

Allen To Seek Reelection as County Auditor

County Auditor Harry R. Allen has announced his candidacy for the Republican nomination, at the primary election May 6, for the office he now holds. The general election to follow is on Nov. 4.

His nominating petitions are already in circulation.

Appointed Oct. 29, 1955, to fill the unexpired term of Ulric Acton whose death caused the vacancy.

HARRY R. ALLEN

Allen was elected at the next regular election in November 1956, to fill the position for the remainder of the unexpired term which ends on the second Monday of March 1959.

In seeking reelection Allen points to his many years of experience in various public offices and to his many years in the public school teaching profession, which he feels gives him the necessary background qualifications for the position he has been filling. When appointed by the county commissioners to the auditorship he had the unanimous endorsement of the Fayette County Republican Executive Committee.

ALLEN WAS BORN near Octa, March 28, 1902, on a farm and still lives near his birthplace. He graduated from Washington High School in 1921 and from Wilmington College, with a B. S. degree in 1927.

He taught school in the elementary grades in Fayette County and later in high schools of Hocking and Madison counties. In 1931 he returned to Fayette County to teach this profession in the Milledgeville schools for the next 10 years.

Allen has served as a member of both the Milledgeville and Octa village councils, also on the Board of Education of the Jasper Township district. He was elected clerk of Jasper Township in 1933 and served continuously in that position until he was appointed county auditor.

In 1947 he returned to the teaching profession as instructor in agriculture for war veterans at Good.

Local Officers To 'Bear Down' On Reckless Holiday Drivers

The New Year's holiday traffic toll won't equal the nation's record Christmas fatality total if local law officers have anything to say about it.

Both Sheriff Orland Hays and Police Chief D. Vaiden Long said they will bear down heavily on "irresponsible drivers making light of caution and care particularly necessary during the holiday season."

The chief of police said drunk drivers will go to jail immediately, and the sheriff agreed they will make "every effort" to answer a special holiday call from Gordon Jeffery, director of the Ohio Department of Highways safety division, asking extra efforts in the direction of holiday highway enforcement.

JEFFERY said officers all over Ohio have added their support to

Harlan Hoppes farm where the victim had part-time employment.

Jack Lambert, only witness to the accident, said he was driving another tractor down the road close behind the one driven by Hartman. He said young Hartman turned his head to look back and that the tractor suddenly swerved into the ditch and upset.

The youth was pinned beneath it.

LAMBERT called for help and several employees at the Hoppes mill with the aid of ropes and the other tractor, managed to pull the machine off the prostrate youth.

He was taken to Memorial Hospital in the Alvin G. Little ambulance from Jeffersonville, but was pronounced dead on arrival.

Young Hartman lived with his mother, Mrs. Frank Hartman, a sister, Ernestine, 16, in a ten a n t louse on the Laura Bates farm, Route 70, about a mile south of Jeffersonville. His father has been in a Columbus hospital for the last seven months.

The family came to Fayette County from Grayson, Ky., seven years ago and had lived as tenants on several farms in the Jeffersonville community since then.

YOUNG HARTMAN attended Jeffersonville High School, but did not return this year because he was working to help support the family while his father was hospitalized.

His grandparents, Mr. and Mrs. Conn Griffiths, came here Sunday from Grayson to be with their daughter. His paternal grandmother, Mrs. Martha Crabtree, lives in Spargurville.

Friends may call at the Little Funeral Home until 10 p. m. Monday.

Services will be held at 2 p. m. Wednesday in the Malone Funeral Home in Grayson. Burial will be in the Grayson Cemetery.

Weekend Traffic Takes 14 Lives

By THE ASSOCIATED PRESS
Ohio's weekend traffic accidents claimed a total of 14 lives. In addition, two persons died in miscellaneous mishaps.

Today, light snow made some highways slippery in spots in the vicinity of Medina, Ashland, Mount Gilead, Kenton, Bellefontaine, Marion, Marysville, Newark, Mount Vernon, Coshocton and Millersburg, the Ohio Dept. of Highways reported.

Most other highways in the state were normal, the department said. Skies were generally cloudy over the state as temperatures ranged from 27 to 36.

Dr. Richardson, professor of science education at OSU and past president of the National Science Teachers Assn., addressed a group of educators, businessmen and leaders of labor and industry meeting here in an effort to solve the shortage of high school mathematics and science teachers.

With an attendance of only 150 anticipated, registration reached 200 this morning.

Dr. Richardson said Americans have "only begun to become aware of the critical place of science in our lives. . . . American citizens must become scientifically literate. A widespread knowledge of science among our people is the biggest challenge to the teaching profession."

Dr. G. Bailey Price, chairman of the one-day conference, said the nation can solve the problems of providing an adequate number of scientists and mathematicians "only by providing an adequate number of properly trained teachers."

Revelry, Reverence To Mix At Nation's New Year Eve

By THE ASSOCIATED PRESS
That extraordinary evening with its strange mixture of gaiety and reverence is at hand again.

Tuesday is New Year's Eve.

Across the country, night clubs, taverns and hotel ballrooms strung up their bright balloons and crinkly paper, readying their liveliest shows and menus for the revelers.

Prices were about the same as last year, averaging around \$15 a person in most cities for dinner, dancing, paper hats and noise makers, with drinks extra. But you could pay a lot more—or a little less—according to the spot.

At the same time, religious leaders set down messages of hope and pleas for justice and dedication to God in the year ahead. Thousands of churches planned "watch night" services with music, devotion and communion.

The Moravian Church will hold its 193rd annual "memorabilia" services shortly before midnight at Winston-Salem, N. C.

The custom, in which the year's events are recounted, originated in colonial Salem when Moravians depended on the pastor to keep them informed of happenings in community, state, nation, and world in the outgoing year.

In New York City's St. Patrick's Cathedral, there will be a special New Year's Eve mass, with emphasis on peace and brotherhood among peoples of North South, and Central America.

In Las Vegas, Nev., where establishments were reported booked solid for the evening's whoopla, one hotel announced it will hold a New Year's Day "hangover party from 10 a. m. until cured."

In St. Louis, a \$25-a-person champagne supper will be held at the Hotel Chase as a benefit for the city's 85-member symphony orchestra. It will play a pop concert under direction of Boston conductor Arthur Fiedler.

There'll be a wry favor to motorists on New Jersey's State Parkway. Drivers in the after midnight hours will be offered "one for the road" at parkway restaurants—a free cup of coffee, compliments of the Parkway Authority.

At many places, night clubs reported capacity reservations. The Sands Hotel, in Las Vegas, said it got 42,000 requests for reservations, but could handle only 600.

One explanation: two years ago, the owners picked up a \$25-a-plate tab of celebrants, and last year, passed out expensive gifts and champagne. The profits come back over the gambling tables.

Generally, prices were reported little changed. As usual, they were higher in the big cities, and flossy clubs.

In Chicago, the top was \$24.60 a person at the Chez Paree for a steak dinner and entertainment.

Drinks and tips were extra. The Ambassador's Pump Room is changing \$20 a head for mid-night supper and dancing.

In New York City, the Waldorf-Astoria's Empire Room set a price of \$37.50 a person; the Hotel Ambassador, \$30; the Stork Club, \$15; the Latin Quarter, Copacabana and St. Regis, \$25.

In many cities, numerous clubs

simply declared "open house" with no minimums set.

In Detroit, the Statler Hotel, expecting a capacity crowd, set a \$10 per person cover charge, with floor show. The Wonder Bar offered dinner at \$12.50. Elmwood Casino, the area's biggest night spot, set a \$7.50 cover.

In Cincinnati, the Beverly Hills will charge \$15 a person, covering food but not drinks.

Record Peacetime Budget Expected

WASHINGTON (AP)—The Eisenhower administration's first post-Sputnik budget may total nearly \$74 billion, a peacetime record.

And Congress, alarmed by recent signs of Russian strides in missiles, satellites and space science, is expected to give a friendly reception to at least the military part of the budget request for the next fiscal year.

Defense items probably will account for about \$40 billion of the new budget total, an increase of more than \$1 billion over the current spending rate.

Whatever budget cutting Congress may undertake may be aimed at requests for civilian programs. Present indications are that these requests may be held at previous levels, but not reduced appreciably.

President Eisenhower will send Congress his fiscal 1959 budget early next month. Congress reconvenes a week from Tuesday.

AN OFFICIAL who has been in on final budget preparations said Sunday that over-all government spending next year "apparently will be somewhere between 73 and 74 billion dollars, but closer to the high figure."

The current year's total has been running at the rate of about \$72 billion, but Secretary of Defense McElroy said recently he will ask for about \$1 billion more to push ahead more quickly in fiscal 1958 with missiles and other top priority military work.

Other Congress members also have cautioned against jettisoning civilian programs in the rush to strengthen U. S. defenses. But some have voiced skepticism at the need for as much as \$40 billion for defense next year, and have urged reductions in foreign aid.

Air Force Plans IRBM Strategy

WASHINGTON (AP)—The Air Force's constantly revised strategic plans now include arrangements on how intermediate range ballistic missiles would be used in event of war.

The operational plans for both long-range, air-breathing guided missiles and intermediate range ballistic missiles are understood to have been completed and incorporated in the over-all war-time plans of the USAF about six months ago.

This was done even though the IRBM weapons may not become a part of the available arsenal for another year.

The Air Force maintains three basic strategic blueprints which cover periods ranging from the next 60 days to as much as 13 years. They are the short-range "wartime capabilities plan"; the "mid-range wartime" plan containing D-day data up to four years in the future; and the "long-range wartime objective plan."

The air-breathing Snark guided missile, with a range of 5,000 miles, is now considered operational by the Air Force and launching sites are being organized.

THE AIR FORCE expects the first deliveries of the Thor IRBM, with a maximum accurate range of 1,500 miles, to be made late in 1958. But as part of the forward planning, details for the operational use and command structure of IRBM squadrons have been put into the war plans folio.

Presumably these details include not only the proposed base from which IRBMs would be launched but a "target list" like those prepared for operation of conventional, manned bombers.

The details, of course, are

highly secret but an IRBM list might include potential targets as deep in central Russia as the munitions complexes in the area of the Ural Mountains, if launching points from Turkey were used.

From bases in the United Kingdom and Free Europe, Moscow would be within IRBM range.

Because the Air Force believes that it may be many years, if at all, before the missile entirely displaces the manned bomber, strategy now is constructed around the coordinated use of both types of weapons.

Some Air Force planners have suggested that, instead of a single massive, simultaneous blow against all targets on the list, a series of powerful attacks would be spread out over the first several hours of a war.

Retires Tuesday

MISS MARIE MELVIN will end 11 1/2 years as Washington C. H. city auditor as the office closes Tuesday evening for the New Year holiday. Miss Melvin, who lives at 528 1/2 E. Paint St., submitted her resignation to Council Oct. 23 -- a resignation accepted "with regret" and with praise for the auditor's efficient and devoted service to the city. Council's appreciation also took the form of a gold-filigreed carafe which was presented to Miss Melvin at the last meeting of the legislative body. Mrs. Lewis Elliott, 944 Lincoln Dr., will replace Miss Melvin who suffered a heart attack a year ago and asked to be relieved of duties which have more than trebled since she took office.

Tip Nets Three After Burglary

15-Year-Old Lad Describes 'Ride'

Three Greenfield youths are in county jail awaiting grand jury action as a result of a sheriff's tip a 15-year-old boy whom they "took for a ride" to a Fayette County burglary Friday night.

Held under \$2,000 bond each after a Municipal Court hearing Monday were Manford E. Mootispaw, 20, his brother, George, Jr., 22, and Raymond Hurlis, 19, all of Greenfield.

They were arrested Saturday after a middle-of-the-night telephone call alerted Sheriff Orland Hays that they had broken into the Lucas and Son Town & Country Market, Route 22 west, the previous night.

THE CALL came from a boy who would identify himself only as "Mick," aged 15.

He said he had gone for a ride with them earlier in the evening, and that they had gone to the market, broken open a back door, and stolen two cases of beer, 12

Father, Child Hurt As Fire Fells Wall

BOLIVAR, Mo. (AP)—An explosion of accumulated gases tumbled a section of brick wall onto spectators watching a fire which destroyed two buildings and damaged two others here Sunday.

Clyde Edward Fish, 34, and his 11-year-old daughter, Linda, were injured critically. Three others were hurt. Both Fish and his daughter had skull fractures and the girl's legs were broken.

WCH Man Held To Grand Jury For Possession of Marijuana

A Washington C. H. man was bound over to the grand jury under \$5,000 bond in Municipal Court Monday after he pleaded innocent to a police-filed charge of illegal possession of marijuana—the first such count filed here in at least two years.

Police Chief D. Vaiden Long said Everett Bennett, 29, gave his address as 104 W. Paint St., but the chief said he understood Bennett has been living lately at 221 1/2 E. East St., where he was arrested Friday.

Chief Long and Patrolman Robert Williams took Bennett into custody Friday night as he was

coming out of the East St. apartment, allegedly with a package of marijuana "sufficient to make about 100 cigarettes."

CHIEF LONG said he made the arrest "on a tip" from an unrelayed source. Police were told that Bennett had been seen with marijuana before.

Chief Long had the packet analyzed at the London Bureau of Criminal Investigation Saturday, where it was definitely labeled as marijuana.

Bennett was returned to jail after his arraignment when he was unable to post the required bond.

New National Science Policy Being Urged

INDIANAPOLIS (AP)—A new and modernized national science policy was urged today by a federal government official.

It should be comprehensive and aimed at winning "long-term results rather than tomorrow's miracles," said William D. Carey, chief of the Labor and Welfare Division of the Bureau of Budget, Washington, D. C.

He cautioned against letting the government "be swept by public and political pressures into courses of policy that are dramatic but unfruitful" in meeting problems of education and expanded basic scientific research.

Speaking for the American Assn. for the Advancement of Science, Carey declared:

"We need not only better weapons and more technicians, more basic science and more serious students, but equally we need to think through a truly comprehensive public policy for the partnership of science with government."

"We have still to develop in government a comprehensive view of research and development roughly similar to what we long ago devised in such areas of public policy as agriculture, land and resources, conservation, labor, and national defense."

"Science in government continues in this critical age to prosper as a sideline of separate and unrelated departmental missions; it is not seen as a unity by either the executive or the legislative."

Gen. Zwicker Due For Post in Ohio

SEOUL (AP)—Maj. Gen. Ralph W. Zwicker, one of the late Sen. Joseph McCarthy's targets, is leaving Korea soon for a new assignment in the United States.

Zwicker, commander of the 1st Cavalry Division, is due to take command in March of the 20th U. S. Army Corps which administers reserve activities in several states from headquarters at Ft. Hayes, Columbus, Ohio.

McCarthy attacked Zwicker in 1954 in connection with the promotion and discharge of an Army dentist at Camp Kilmer, N. J., whom the senator claimed had a record of Communist activity.

Himalayan Nation To Make Scotch

CALCUTTA (AP)—Premier Rustomjee Dewan of Sikkim says his tiny Himalayan kingdom is going into the scotch whisky business.

Reports reaching Calcutta today quoted the premier as saying experts believe Sikkim's water closely resembles Scotland's, and so it "would not be difficult to distill good quality scotch."

Appeals Court Sustains Judge In Civil Case

Two appeals from decisions of Common Pleas Judge John P. Case in a civil action for money in payment for services allegedly rendered to a Fayette County man now deceased have been turned down by the Second District Appellate Court.

The original action was filed by Mrs. Minnie Tipton against Max Morrow, administrator of the estate of Riley Allen. A jury granted Mrs. Tipton a verdict of \$3,161.64 in her suit for \$2,847.56 plus interest which she claimed was due her for services rendered to Mr. Allen as a housekeeper.

Judge Case, acting on Morrow's motion, reversed the jury's verdict and ruled for the defendant, who had claimed that F. Scott Zimmerman, attorney for the plaintiff, and Edward J. Cunningham, a member of the jury, were guilty of misconduct in that they failed to disclose interest and association of the attorney and the juror in the Fayette County school controversy.

The court also found that the jury verdict was contrary to law. At the same time Judge Case granted Morrow's request for a new trial but only in case of a reversal by the appellate court of his finding for Morrow.

Both the judge's verdict and his conditional ruling for new trial were the subject of the appeals. Morrow then moved for dismissal of the appeals.

Whitehall Transfer Slated for Study

COLUMBUS (AP)—The request to transfer 2,754 acres from the suburban Whitehall School District to the Columbus School District will be discussed tonight at a special session of Ohio's state board of education.

Final action had been postponed from a board meeting Dec. 9 pending a decision by Atty. Gen. William Saxbe on the tax lien date on property in the area.

Saxbe reported to the board it would be "a conservative course" to approve the transfer before Jan. 1 so that taxes in the area could be collected in the Columbus district and prevent the likelihood of an adjustment in tax rates. An adjustment would cause a loss of more than \$1 million to Franklin County, Columbus and Whitehall school districts.

Negro Pupils Shun School Activities

DALLAS (AP)—Melba Patillo, 16, one of the nine Negro students attending Little Rock's Central High School under military guard, says she and her fellow students don't care to participate in extracurricular activities.

"We don't want to mix that way," she said. "We just want to get a good education."

Mrs. Patillo was here Sunday on behalf of the nine students to accept a certificate honoring them for being pioneers in racial integration. The award was jointly presented by Zeta Phi Beta, and Beta Sigma, national honorary education sorority and fraternity.

Hillary Mushing On Toward Pole

AUCKLAND, New Zealand (AP)—Sir Edmund Hillary's party trekked to within nearly 150 miles of the South Pole today in its overland hike through Antarctica.

Hillary's latest radio message to Scott base, his camp near McMurdo Sound, was picked up here.

The four-man tractor team is retracing the 200-mile stretch covered by Capt. Robert F. Scott on his ill-starred attempt to reach the pole in 1911. The Scott party perished on the return trip and no one had made the trek since.

Deaths and Funerals

Charles Hudson Jr.

Short services for Charles Hudson Jr., who died at 6:20 p. m. Saturday in the Veterans Hospital in Dayton, were held at his home here, 930 E. Temple St. Sunday night by the Rev. Charles W. Ware, pastor of the Gregg St. Church of Christ in Christian Union.

Immediately after the services here, which were in charge of Parrett Funeral Home, the funeral procession started for Lynchburg, Va., where services were to be held Monday afternoon, followed by burial in the Lynchburg Cemetery.

Mr. Hudson, who had been in failing health for several months, had been a patient in the Veterans Hospital for about two weeks. He was an Army veteran of World War II.

A carpenter by trade, he and his family came here from Lynchburg about five years ago.

He is survived by his wife and a daughter, June Ercole, at home, and his parents, Mr. and Mrs. Archie B. Hudson in Lynchburg.

Lorus H. Spears

Lorus H. Spears, 79, of Wilmington, died Saturday afternoon, suddenly at Clinton Memorial Hospital, after a 2½ year illness. Mr. Spears was a blacksmith by trade and for many years had a shop in Buena Vista. He also spent many years in and near Sabina. After leaving Buena Vista he established a blacksmith shop in Wilmington. He retired two years ago.

He is survived by his widow, Dora Tracy Spears, with whom he celebrated their 50th wedding anniversary Dec. 24. He also is survived by two sons, George of Bainbridge and Fred of Xenia; three grandchildren and a great-grandchild, C. L. Lewellen, 332 E. 1st Street, is a cousin.

Services at the Marsh Funeral Home in Wilmington at 2 p. m. Tuesday. Friends may call from 9 to 9 p. m. Monday at the funeral home. Burial in Wilmington Cemetery.

Fred E. Griffith

SABINA — Fred E. Griffith, 64, of Sabina died in the Veterans Administration Hospital in Chillicothe at 9:15 a. m. Sunday after a lingering illness of 19 years.

He was born in Springfield, but moved to Sabina as a youth. He was a veteran of World War I and had been in the Veterans Hospital since 1939.

He was a member of the Friends Church. His closest surviving relative is a brother, O. G. Griffith, of Wilmington.

Services will be held at 2 p. m. Tuesday in the Littleton Funeral Home and burial will be in the Sabina Cemetery.

Friends may call any time at the funeral home.

School Leader Dies

WILMINGTON — Funeral services will be held Tuesday for Linsie A. (Dick) Matthews, 51, member of the Wilmington Board of Education for the past four years, and president of the board.

She died Saturday at her home in Sabina, where she had been in the Littleton Funeral Home in Sabina by the Rev. Charles Kirsch, pastor of the Sabina Methodist Church.

Palbearers were Raymond Cline, Henry Mercer, Russell Allen, Charles Dabe, Ralph Seslar and Charles Bowers. Alan McVey was an honorary palbearer.

Burial was in the Sabina Cemetery.

the past two years, who died of coronary thrombosis in an ambulance Friday night.

EDNA COLLINS — Services for Edna Collins, 18 months, who died Thursday in the home of Mr. and Mrs. Bernard Cox near Lees Creek, were held at 1 p. m. Saturday in the Lees Creek Congregational Christian Church by the Rev. Edward Culver, the pastor.

Little Edna and her twin brother had been making their home with Mr. and Mrs. Cox since their father, Herschel Collins, died of burns received when the family home near Sabina was destroyed by fire about a year ago.

Her mother went to the home of her mother to live after the fire. Mrs. Willard Larrick and Mrs. Glenn Bentley sang "I Shall Not Want" at the funeral.

Palbearers for the burial in the Hillsboro Cemetery were Charles Adams, Marvin Bond, Robert Walker and Wayne Arnold.

MRS. HARRY SHORT—Services for Mrs. Harry Short, 51, who died Christmas Day in a Columbus hospital, were held at 1 p. m. Saturday in the House of Prayer, Washington Ave.

The Rev. Arthur George, former pastor of the Gregg St. Church of Christ, officiated, with the assistance of the Rev. Henry Leeth of the House of Prayer.

Mrs. Arthur George and Mrs. Kenneth Sibole sang "Going Down the Valley," and "Beyond the Sunset."

Palbearers were Edward Bruce, Raymond Robinson, Harry Leeth, Larry Leeth, Billie Blair and Dean Yahn. Burial was in Washington Cemetery.

MRS. ISABEL PAYNE—Services for Mrs. Isabel Payne, 87, who died at her home, 627 Peabody Ave., Thursday, were held at 2:30 p. m. Saturday in the Parrett Funeral Home.

Burial was in the Sabina Cemetery.

Stock Mart Declines in Active Trading

NEW YORK (AP)—The stock market declined in active trading early this afternoon but some air-crafts bucked the trend, making small gains.

Most leading issues showed losses running from fractions to a point or more.

Renewed selling to establish tax losses before the year's end depressed prices, brokers said.

Aircrafts were helped by Washington reports that there will be increased defense spending in 1958. The rest of the business picture remained on the gloomy side.

Hopes for any kind of year-end rally on the stock market were now generally quashed.

Although Boeing canceled an early gain, Douglas Aircraft, General Dynamics and United Aircraft were fractionally higher.

Chrysler dropped more than a point and Ford a major fraction, both touching new lows for 1957.

Republic Steel, helped by news it would resume steelmaking in the Youngstown, Ohio, area was up around a point in early dealings then eased. U. S. Steel dropped a good fraction.

Losses of around a point were taken by Goodyear, Union Carbide, Southern Railway and Standard Oil (New Jersey).

U. S. government bonds rose.

West Germans Deny Claims by British

BONN, Germany (AP)—The West German Defense Ministry today denied British newspaper speculation that U. S. pressure caused the Bonn government to decide against buying Britain's latest Rocket jet plane.

A ministry spokesman said the plane had been turned down because its manufacturers were unable to get the ship to the German air force before 1961. "And that's too late," he added.

Reports circulated in Bonn that the chief contenders for the German order now are two American planes, the F104 Lockheed Starfighter and the Grumman F11F1 Tiger, and the French Desault Mirage 3.

FUGITIVES FROM THE FBI

Photo 1956
WALTER SUTTON

(In co-operation with J. Edgar Hoover, FBI Director, this newspaper is running a series of descriptive articles on criminals wanted by the FBI.)

WALTER SUTTON is being sought by the FBI for unlawful flight to avoid prosecution for the crime of murder. He is alleged to have fatally stabbed his victim as a result of an altercation arising out of a crop game.

A Grand Jury at Philadelphia, Pa., on August 21, 1956, indicted Sutton for the crime of murder. A complaint charging him with fleeing the State of Pennsylvania to avoid prosecution for the crime of murder was filed before a U. S. Commissioner at Philadelphia on Aug. 24, 1956. A warrant for his arrest was issued on the same date.

The fugitive's occupations include bootblack, laborer and stevedore. He reportedly is an avid gambler and his aliases include James Brown, Walter Lee and Walter Sutton.

Sutton has a criminal record including convictions for larceny, and aggravated assault and battery. He reportedly carries a knife and has used a knife in the past. He should be considered extremely dangerous.

DESCRIPTION: Age, 47; Born, New Bern, N. C. (not supported by birth records); Height, 5 feet 3 inches; Weight, 152; Build, medium; Hair, black, graying, receding; Eyes, brown; Complexion, dark brown. Has cut scar corner of left eye, cut scar right eyelid, scar on left cheek, oblique scar on left thumb, raised scar on back of second joint of right little finger, scratch scar tip of right index finger.

INFORMATION concerning fugitive should be telephoned to the nearest FBI office. Distributed by King Features Syndicate

New National Science Policy Being Urged

INDIANAPOLIS (AP)—A new and modernized national science policy was urged today by a federal government official.

It should be comprehensive and aimed at winning "long-term results rather than tomorrow's miracles," said William D. Carey, chief of the Labor and Welfare Division of the Bureau of Budget, Washington, D. C.

He cautioned against letting the government "be swept by public and political pressures into courses of policy that are dramatic but unfruitful" in meeting problems of education and expanded basic scientific research.

Speaking before the American Assn. for the Advancement of Science, Carey declared:

"We need not only better weapons and more technicians, more basic science and more serious students, but equally we need to think through a truly comprehensive public policy for the partnership of science with government. "We have still to develop in government a comprehensive view of research and development roughly similar to what we long ago devised in such areas of public policy as agriculture, land and resources, conservation, labor, and national defense.

"Science in government continues in this critical age to prosper as a sideline of separate and unrelated departmental missions; it is not seen as a unity by either the executive or the legislative."

Gen. Zwicker Due For Post in Ohio

SEOUL (AP)—Maj. Gen. Ralph W. Zwicker, one of the late Sen. Joseph McCarthy's targets, is leaving Korea soon for a new assignment in the United States.

Zwicker, commander of the 1st Cavalry Division, is due to take command in March of the 20th U. S. Army Corps which administers reserve activities in several states from headquarters at Ft. Hayes, Columbus, Ohio.

McCarthy attacked Zwicker in 1954 in connection with the promotion and discharge of an Army dentist at Camp Kilmer, N. J., whom the senator claimed had a record of Communist activity.

Dulles Due To Attend Baghdad Pact Parley

WASHINGTON (AP)—Secretary of State Dulles will attend a meeting of Baghdad Pact nations in Turkey next month. It will be the first time he has done so in the pact's three-year history.

The United States does not belong to the pact, whose members include Iraq, Turkey, Pakistan, Britain and Iran. But this country supports the organization and has sent observers to each of its meetings since it was formed in February 1955.

Himalayan Nation To Make Scotch

CALCUTTA (AP)—Premier Rustomjee Dewan of Sikkim says his tiny Himalayan kingdom is going into the scotch whisky business.

Reports reaching Calcutta today quoted the premier as saying experts believe Sikkim's water closely resembles Scotland's, and so it "would not be difficult to distill good quality scotch."

Appeals Court Sustains Judge In Civil Case

Two appeals from decisions of Common Pleas Judge John P. Case in a civil action for money in payment for services allegedly rendered to a Fayette County man now deceased have been turned down by the Second District Appellate Court.

The original action was filed by Mrs. Minnie Tipton against Max Morrow, administrator of the estate of Riley Allen. A jury granted Mrs. Tipton a verdict of \$3,161.64 in her suit for \$2,847.56 plus interest which she claimed was due her for services rendered to Mr. Allen as a housekeeper.

Judge Case, acting on Morrow's motion, reversed the jury's verdict and ruled for the defendant, who had claimed that F. Scott Zimmerman, attorney for the plaintiff, and Edward J. Cunningham, a member of the jury, were guilty of misconduct in that they failed to disclose interest and association of the attorney and the juror in the Fayette County school controversy.

The court also found that the jury verdict was contrary to law. At the same time Judge Case granted Morrow's request for a new trial but only in case of a reversal by the appellate court of his finding for Morrow.

Both the judge's verdict and his conditional ruling for new trial were the subject of the appeals.

Morrow then moved for dismissal of the appeals.

Whitehall Transfer Slated for Study

COLUMBUS (AP)—The request to transfer 2,754 acres from the suburban Whitehall School District to the Columbus School District will be discussed tonight at a special session of Ohio's state board of education.

Final action had been postponed from a board meeting Dec. 9 pending a decision by Atty. Gen. William Saxbe on the tax lien date on property in the area.

Saxbe reported to the board it would be "a conservative course" to approve the transfer before Jan. 1 so that taxes in the area could be collected in the Columbus district and prevent the likelihood of an adjustment in tax rates. An adjustment would cause a loss of more than \$1 million to Franklin County, Columbus and Whitehall school districts.

Negro Pupils Shun School Activities

DALLAS (AP)—Melba Patillo, 16, one of the nine Negro students attending Little Rock's Central High School under military guard, says she and her fellow students don't care to participate in extra-curricular activities.

"We don't want to mix that way," she said. "We just want to get a good education."

Mrs. Patillo was here Sunday on behalf of the nine students to accept a certificate honoring them for being pioneers in racial integration. The award was jointly presented by Zeta Phi Beta, and Beta Sigma, national honorary education sorority and fraternity.

Hillary Mushing On Toward Pole

AUCKLAND, New Zealand (AP)—Sir Edmund Hillary's party trekked to within nearly 150 miles of the South Pole today in its overland hike through Antarctica.

Hillary's latest radio message to Scott base, his camp near McMurdo Sound, was picked up here.

The four-man tractor team is retracing the 200-mile stretch covered by Capt. Robert F. Scott on his ill-starred attempt to reach the pole in 1911. The Scott party perished on the return trip and no one had made the trek since.

Beer Bottle Packs Terrific Wallop

FRANKLIN, N. C. (AP)—Weaver Wike, 30, of Franklin, was walking along a highway near here with two friends when he suddenly fell unconscious.

He awoke in a hospital with a broken shoulder. Wike's companions said he was struck by an empty beer bottle tossed from a passing automobile.

Deaths and Funerals

Charles Hudson Jr.

Short services for Charles Hudson Jr., who died at 6:20 p. m. Saturday in the Veterans Hospital in Dayton, were held at his home here, 830 E. Temple St., Sunday night by the Rev. Charles W. Ware, pastor of the Gregg St. Church of Christ in Christian Union.

Immediately after the services here, which were in charge of Parrett Funeral Home, the funeral procession started for Lynchburg, Va., where services were to be held Monday afternoon, followed by burial in the Lynchburg Cemetery.

Mr. Hudson, who had been in failing health for several months, had been a patient in the Veterans Hospital for about two weeks. He was an Army veteran of World War II.

A carpenter by trade, he and his family came here from Lynchburg about five years ago.

He is survived by his wife and daughter, June Eccelle, at home, and his parents, Mr. and Mrs. Archie B. Hudson in Lynchburg.

Lorus H. Spears

Lorus H. Spears, 79, of Wilmington, died Saturday afternoon, suddenly at Clinton Memorial Hospital, after a 2 1/2 year illness. Mr. Spears was a blacksmith by trade and for many years had a shop in Buena Vista. He also spent many years in and near Sabina. After leaving Buena Vista he established a blacksmith shop in Wilmington.

He retired two years ago. He is survived by his widow, Dora Tracy Spears, with whom he celebrated their 59th wedding anniversary Dec. 24. He also is survived by two sons, George of Bainbridge and Fred of Xenia; three grandchildren and a great-grandchild. C. L. Lewellen, 332 East Street, is a cousin.

Services at the Marsh Funeral Home in Wilmington at 2 p. m. Tuesday. Friends may call from 4 to 9 p. m. Monday at the funeral home. Burial in Wilmington Cemetery.

Fred E. Griffith

SABINA — Fred E. Griffith, 64, of Sabina died in the Veterans Administration Hospital in Chillicothe at 9:15 a. m. Sunday after a lingering illness of 19 years.

He was born in Springfield, but moved to Sabina as a youth. He was a veteran of World War I and had been in the Veterans Hospital since 1939.

He was a member of the Friends Church. His closest surviving relative is a brother, O. G. Griffith, of Wilmington.

Services will be held at 2 p. m. Tuesday in the Littleton Funeral Home and burial will be in the Sabina Cemetery.

Friends may call any time at the funeral home.

School Leader Dies

WILMINGTON — Funeral services will be held Tuesday for Linsie A. (Dick) Matthews, 51, member of the Wilmington Board of Education for the past four years, and president of the board

the past two years, who died of coronary thrombosis in an ambulance Friday night.

EDNA COLLINS — Services for Edna Collins, 18 months, who died Thursday in the home of Mr. and Mrs. Bernard Cox near Lees Creek, were held at 1 p. m. Saturday in the Lees Creek Congregational Christian Church by the Rev. Edward Culver, the pastor.

Little Edna and her twin brother had been making their home with Mr. and Mrs. Cox since their father, Herschel Collins, died of burns received when the family home near Sabina was destroyed by fire about a year ago.

Her mother went to the home of her mother to live after the fire. Mrs. Willard Larrick and Mrs. Glenn Bentley sang "I Shall Not Want" at the funeral.

Palbearers for the burial in the Hillsboro Cemetery were Charles Adams, Marvin Bond, Robert Walker and Wayne Arnold.

MRS. HARRY SHORT—Services for Mrs. Harry Short, 51, who died Christmas Day in a Columbus hospital, were held at 1 p. m. Saturday in the House of Prayer, Washington Ave.

The Rev. Arthur George, former pastor of the Gregg St. Church of Christ, officiated, with the assistance of the Rev. Henry Leeth of the House of Prayer.

Mrs. Arthur George and Mrs. Kenneth Sibole sang "Going Down the Valley," and "Beyond the Sunset."

U. S. government bonds rose.

West Germans Deny Claims by British

BONN, Germany (AP)—The West German Defense Ministry today denied British newspaper speculation that U. S. pressure caused the Bonn government to decide against buying Britain's latest Rocket jet plane.

A ministry spokesman said the plane had been turned down because its manufacturers were unable to get the ship to the German air force before 1961. "And that's too late," he added.

Reports circulated in Bonn that the chief contenders for the German order now are two American planes, the F104 Lockheed Starfighter and the Grumman F11F Tiger, and the French Deseault Mirage 3.

"Mick," whose identity is being withheld, told the sheriff he had had no intention of taking part in a burglary himself. He was picked up after the phone call and gave Sheriff Hays information that enabled the officer to arrest the three at their homes a few hours later. "Mick" was not held.

THE THREE YOUTHS, said they had broken into Lucas' three times before, although they said they had not got much "on the other occasions."

Sheriff Hays said he is still questioning them in regard to other burglaries in this area.

They pleaded guilty at their preliminary hearing before Judge Max G. Dice.

Ohio's Minor Courts Ready For Changeover

Modernization Plan Due To Go into Effect on Jan. 1

COLUMBUS, Ohio (AP)—Ohio will begin the new year with a sweeping improvement in its minor court system.

Starting Jan. 1, county judges will replace justices of the peace in all areas of the state outside territory served by expanded municipal courts.

A total of 95 county judges will be sworn in to serve in 54 of Ohio's 88 counties. Some municipal courts have county-wide jurisdiction.

The judges were elected last November in final steps to end the waning JP system established about 170 years ago before Ohio became a state. Ohio authorized 2,200 justices but the number was reduced to about 800 by recent legislative enactments.

"The change will provide Ohio with one of the best lower courts systems anywhere in the United States," said Sen. William Tyrrell (R-Preble), co-author of the county court law with Rep. Kenneth A. Robinson (R-Marion).

The last legislature approved the shift to do away with the fee system that led to abuses in some JP courts.

Compensation of county judges will range between \$1,500 and \$5,000 a year, based on population in their territories and allowances from county commissioners.

Statute provides for counties to pay the new judges and for commissioners to provide them with suitable quarters and supplies. Some commissioners reportedly have balked at making quarters available.

Atty. Gen. William Saxbe told the new judges at a briefing session on their duties to make sure they were addressed as judge in their courtrooms, instead of by their first names as JPs often permitted.

"Don't be afraid they will say you are taking on airs," Saxbe admonished. "Many JPs were not interested in good law and some ran a collection agency on the side. That did not win respect. We want to make this new system work."

As part time jurists, Saxbe said, county judges are disqualified from practicing law in matters pending or originating in their courts while in office.

The new judges will serve for one year. But those elected next November will serve regular terms of four years, starting Jan. 1, 1959. Effective Jan. 1, 1963, all county judges must be attorneys with at least one year of practice although a "grandfather" clause permits an incumbent, who is not an attorney, to succeed himself.

They will have jurisdiction in motor vehicle accidents and other misdemeanors and actions in which JPs had jurisdiction. County courts will have exclusive original jurisdiction in civil actions for recovery of sums to \$100. They also will have concurrent jurisdiction with common pleas courts for recovery of larger sums to a limit of \$300.

County court districts will have one judge for each 30,000 population to a total of five for 150,000 population. Districts between 150,000 and 360,000 population will have eight judges and those above 360,000 a limit of 12 judges.

The sheriff and township constables are ministerial officers of a county court in all civil and criminal cases under its jurisdiction.

In county court districts hearing cases involving motor vehicle violations on the Ohio Turnpike, common pleas court with the consent of county commissioners may provide for election of a judge for each 20,000 population in addition to those regularly allowed.

Five counties have additional county judges under that provision. Lucas County has two extra for a total of six, Mahoning one extra for a total of four, Sandusky one

Defiance College Forum Studies Teaching Problem

DEFIANCE, Ohio (AP)—A quick formula for making a plus out of a minus. That's the quest of 150 educators, businessmen and leaders of labor and industry meeting here today in an effort to solve the shortage of teachers for high school science and mathematics courses.

With Russian Sputniks streaking the heavens in emphasis of America's apparent science deficiencies, this experimental meeting on the Defiance College campus is attracting national attention.

Dr. Kevin McCann, president of the college and special assistant to President Eisenhower, said he hopes the sessions will prove a catalyst for a nationwide movement toward increasing the teacher supply.

Going into today's meeting after a study of the teacher shortage in western Ohio, the participants already have some possible solutions in mind.

As an interim measure, they plan to secure qualified volunteers from business and industry to teach mathematics and science in the high schools on a part-time basis.

They also will consider a proposal to hire someone to coordinate that program.

Then, as a long-range measure, they will propose means by which church-related colleges can strengthen their faculties and add subjects and equipment to encourage larger numbers of their students to prepare for careers as mathematics and science teachers in high schools and junior colleges.

Japanese Tax Exemption Claim Debated

TUCKAHOE, N.Y. (AP)—Authorities in the town of Eastchester, a residential area a few miles to the north of New York City, have run into a novel problem involving the United Nations and taxes.

The Japanese mission to the U.N. recently bought a house in the area as a residence for Koto Matsudaira, permanent Japanese representative to the U.N.

Tax exemption was asked on the basis of treaty provisions between the United States and the U.N. These provide for tax exemption on such property if it is within 15 miles of U.N. headquarters in New York.

Japanese officials said a study of maps before the property was purchased showed the site to be 14.2 miles from U.N. headquarters.

However, town supervisor Francis X. O'Rourke said that the distance was 17 miles by every highway route he could find. He conceded that it might be less than 15 miles as the crow flies but that only a helicopter could transport the Japanese official as the crow flies.

Both sides indicated engineers would have to be called in to settle the question.

The house purchased by the Japanese has a tax roll value of \$47,900. The town tax rate calls for payment of \$29 annually on each \$1,000 of valuation.

U. S. Steel Output Drops As Red Production Climbs

CLEVELAND (AP)—U.S. Steel production dropped off two million tons to 113 million tons in 1957, and Russia's steel output went up nearly three million tons over last year to 56½ million tons, "Steel" magazine reported today.

Iron Curtain countries produced 25 per cent of the world's steel this year against 24 per cent last year, and the total world production of 322,130,400 net tons set a new record high for the third consecutive year, the weekly metalworking journal said.

"The Russian production has risen every year since 1944, when it was 8,960,000 tons," the magazine said. "U.S. output that year was 89.6 million tons."

"Steel" noted that U.S. production in 1957 was only 80 per cent of present capacity, while "it's believed that Russia is producing as much as capacity will permit."

The third and fourth largest steel producers among nations added about 2½ million tons to the

amount free world countries turned out over and above their 1956 production. The western zone of Germany made 27 million tons against 25,507,900 tons in 1956, "Steel" said, and Great Britain's 24,200,000 tons compared with 23,138,000 tons in 1956.

Last week U.S. production was the lowest of the year, due to the Christmas holiday slackening. It was about 60 per cent of the 133.5 million tons of rated capacity last Jan. 1, and rated capacity will be raised to 141 million tons next week at the start of the new year.

The Detroit and far west districts showed no production rate dropoff last week, and the Birmingham district was up 1.5 points. But all other districts were down from the previous week—Pittsburgh to 47.5 per cent of capacity; Youngstown to 35 per cent; Wheeling to 49 per cent, Cleveland to 51.5 per cent, with the declines ranging from 28 points at Youngstown to 12 points for the Wheeling district.

Controversy over Fats in Diets

For some time there has been a considerable controversy over the presence of fats in diets. And this must have left many people wondering just what will happen to them if they continue to eat foods containing fat, and particularly animal fat.

There is, fortunately, some clarifying evidence. The medical authorities generally reason that so long as a person is in good health there certainly is small reason to alter the normal diet. In other words, if a diet agrees with a man it is probably a sound one. And now some interesting light on the matter has been shed by Dr. Albert H. Holland of the U. S. Department of Health, Education and Welfare.

In the course of a scientific address, Dr. Holland pointed out that it is well established that some common fats of animal origin have a specific cholesterol-raising effect on our blood; and that this effect can be counteracted either by eliminating most of the fat from the diet or by substituting certain acids. There has been speculation that cholesterol may bring on

artery and heart impairment. However, Dr. Holland states that "...the exact relationship between serum cholesterol levels and incidence of coronary artery disease remains unproven."

Then he goes on to list various unanswered questions. Is the elevated cholesterol level in a patient with coronary artery disease cause or effect? If one lowers cholesterol levels may one not be doing some as yet undiscovered damage of another type? Would this adversely affect the levels of the hormones derived from cholesterol?

His point is that much more work is needed to answer these and all the other questions involved. And, so far as our eating habits are concerned, he says this: "Let us not forget that with present dietary habits we have attained the greatest average life expectancy yet achieved in the history of the world. The burden of proof must rest with those who wish to change these habits."

After Age 45--1 Resolution

By Hal Boyle

NEW YORK (U)—The making of New Year resolutions seems to be almost altogether a masculine problem, and most women are inclined to regard the whole business as utter nonsense.

The reason for this is simple. The average woman feels that if there is anything wrong with her she can fix it with a needle and thread or a visit to the beauty parlor. She feels no need at year's end to go through a long struggle with her conscience. Why should she? After all, if there is anything really wrong with her life, it isn't her fault—it's just some darned man to blame.

The male animal, on the other hand, knows he has a nature freckled with evil.

Yearning for self-approval, he seizes paper and pen and makes a list of all the things he is going to do in the 12 months ahead to make himself a purer, finer man. Usually he might just as well write to Santa Claus—for all the good that results. For he sets himself impossible aspirations. No saint could do all the noble

chores he sets for himself.

This is particularly true if he is a young man. For it is remarkable how a man's list of new year's resolutions changes and shortens as he grows older. In my own case, for example, I find that at 25 my list of new year's resolutions ran to three closely-written pages. Picked at random, here are a few of the resolutions:

"Do 25 push-ups every morning."
"Don't fight in strange bars."
"Stay away from wild women."

Needless to say I won't repeat any of those resolutions this year. At 46 I find them impossible, unnecessary or both. I couldn't do a push-up except with the help of a couple of strong friends, and I now even have forgotten what I meant by writing about staying away from wild women.

At 35 my resolves had shrunk to a single page. Here are a couple of samples:
"Quit starting silly quarrels with wife."

"Stop yawning when the boss tells a funny story."

"Do something about falling hair."

None of these resolutions are worth repeating this year. My wife no longer now will permit me to start serious quarrels with her, let alone silly ones. Since, after 45, a man realizes fully how easily he can be replaced, I break a rib laughing when the boss says, "Have you heard this one?" And I have done all a man can do about falling hair—I watched it till it all hit the floor.

There is no need for a full pen of ink to set down by resolutions this year. At 46 the inexorable erosion of nature and slowing arteries turn a man into as much of a nobleman as he is every likely to become. It is the passage of time, not the growth of character, that turns most men into angels.

The only good resolution a man needs to make in middle age, written with an interior urgency apparent only to him, is this: "Keep living!"

Joe--and Constitutional Rights

I could have paid the \$2 fine, but I want Joe and his nursemaid to stand on their constitutional rights, namely, that if they have committed a misdemeanor, if they have violated a city ordinance, they are to be charged with a true bill.

Joe is accused of being off his leash in a park on Nov. 28 which was Thanksgiving Day when as a matter of fact, on that day he was nowhere near the place where he was accused of being, nor at the time when the policeman said he was there, but actually the event with which he is being charged occurred on Nov. 20, eight days before the policeman said it happened.

Also the cop had the locus wrong, which is very bad practice indeed.

I could not prove it but I imagine that the summons was made out in advance; what I cannot understand is why the cop picked Thanksgiving Day which occurred eight days forward. Perhaps Ellery Queen or Agatha Christie can solve that problem for me.

Seeing as how our constitutional rights were impaired and no true bill was presented, we declined to pay the fine, pleaded not guilty and asked to stand trial with counsel and all. So naturally the case was postponed, because the police only hand out summonses; they expect the citizen to pay the fine, like an extra tax and go his way.

The trial was set for Dec. 20, in the midst of the Christmas season. However, the plaintiff, namely the policeman who has time to lay for dogs who get a little exercise under human supervision, "as sick. As he did not show up, the case was again postponed until Jan. 23.

We shall oppose further postponements and demand a verdict. If the cop thinks that I shall get tired either of the expense of the inconvenience, he must be crazy.

We shall call both a contribution to the battle for maintaining constitutional rights in the United States.

Joe does not quite grasp that he is on trial. He is much like his namesake, the late Sen. Joe McCarthy, who never knew when to quit and died fighting a battle which America really lost when the Soviet Sputnik circled the earth.

However, that is a controversy.

Diet and Health

By HERMAN N. BUNDESEN, M.D.

TOM SAWYER and Huck Finn, you may recall, had quite a discussion about the removal of warts. The controversy centered about the best method of getting rid of them and the following suggestions were made:

Apply "spunk water" to the wart in the middle of the woods at midnight.

Half-cover a bean with wart blood and bury it at a crossroads at midnight in the dark of the moon.

Magical Cures

Folklore is full of "magical cures" for warts. But don't laugh at them too heartily. Along about the end of the 19th century, Dr. J. Bonjour developed this method of treating warts:

The patient was told to place his hand on a piece of paper. Then an outline of his hand was drawn and the position of the warts pencilled in.

After being blindfolded, he was told to touch the warts and then told never to touch them again. Finally, he was advised that the warts would disappear in from 10 days to five weeks.

Dr. Bonjour claimed no failures in 30 years. He even began conducting treatments by mail.

Added Other Techniques

A similar series of treatments was conducted in 1927 by Dr. Bruno Bloch who added colored dye and a running motor to the technique. Reliable statistics show he had great success in removing warts.

A careful follow-up study at the Zurich Hospital showed the method was successful in 78.5 per cent of 179 cases. In addition,

Power of Suggestion Helps Cure Warts?

doctors whose reputations can not be questioned, have employed similar methods involving suggestion with quite successful results.

All of which tends to prove that the power of suggestion often can eliminate warts.

Now it is important to understand that warts are infectious lesions caused by a virus—there is no psychic element involved in their formation.

Several Theories

While we don't know exactly how an infection can be eliminated by suggestion, we do have several theories:

Since emotional factors can bring about changes in the blood vessels, it is thought suggestion might produce a spasm in these vessels, lowering the blood supply to the wart. Or suggestion might have the same effect by lowering the blood pressure.

Neurovascular mechanism changes, such as pallor and blushing, may result in local psychochemical changes which prevent virus activity.

Still another theory is that the changes are caused by release of histamine or acetylcholine under emotional stimulation.

At any rate, suggestion seems to cure many cases of warts.

QUESTION AND ANSWER

Answer: Most physicians are of the opinion surgery is definitely indicated in cases of ulcers of the stomach that do not respond to medical treatment.

The Nation Today

WASHINGTON (U)—President

Eisenhower, at a time when the quality of his leadership is under criticism at home and abroad, recently did two things which showed him more passive than active.

One is the way he handled his last TV broadcast; the other, the way he handled the highly secret Gaiter report on the condition of the nation's defenses.

When he returned from this month's NATO meeting in Paris, he decided he and Secretary of State Dulles would report to the nation by television on what happened.

As it turned out, Eisenhower played straight man for Dulles. Although Eisenhower was at NATO and presumably knew what occurred, Dulles did almost all the talking as if he were telling both the nation and Eisenhower what went on.

On Nov. 7 a special commission of outstanding citizens, appointed by Eisenhower six months before to study defense problems of this country, made a highly secret report to him and the National Security Council.

But, bit by bit, information about what the report supposedly contained has been leaking out. And if they are true, stories on what has leaked out have looked frightening.

This report was named after the original chairman of the group, H. Rowan Gaiter Jr., who had to step aside because of illness.

Other commission members were scientists, educators, business men, former military leaders, and a couple of Wall Street bankers who are close friends of Eisenhower.

According to the leaks, the commission went into all phases of this country's defenses and its needs—in relation to Russia—and then drew conclusions and made

recommendations for huge increases in defense spending.

On Dec. 20 the Washington Post published a story on the Gaiter report in such detail it indicated a Post reporter must have been shown a great deal, if not all, the document.

The lead on that story said: "The still top-secret Gaiter report portrays a United States in the gravest danger in its history. It pictures the nation moving in frightening course to the status of a second-rate power."

As one leak followed another the Gaiter report began to take on nationally somber importance.

Eisenhower himself could have issued a statement on this report, either giving a brief outline of the contents and their nature, calling the leaks misleading, if they

were, or admitting their truth.

Instead, Eisenhower, let his press secretary, James C. Hagerty talk for the administration at his Gettysburg farm during the weekend.

Hagerty denied reports which said this country is in immediate peril. He said the country "at this time" is not in a position of military weakness, and the Gaiter report "says just the opposite."

But he did not say whether the report warned that, at the rate we're going, we'll be in terrible shape, compared with Russia. To consider the future, he said, would be like looking into a crystal ball.

Hagerty said the President will give his views on what the country needs to do in his state of the union message to Congress in January.

There's a lot to be said for New Year's resolutions. For instance, they are one of our greatest debunkers of self-respect.

The thing to be careful of is, don't go into 1958 worrying about trouble. You'll get your share.

Controversy over Fats in Diets

For some time there has been a considerable controversy over the presence of fats in diets. And this must have left many people wondering just what will happen to them if they continue to eat foods containing fat, and particularly animal fat.

There is, fortunately, some clarifying evidence. The medical authorities generally reason that so long as a person is in good health there certainly is small reason to alter the normal diet. In other words, if a diet agrees with a man it is probably a sound one. And now some interesting light on the matter has been shed by Dr. Albert H. Holland of the U. S. Department of Health, Education and Welfare.

In the course of a scientific address, Dr. Holland pointed out that it is well established that some common fats of animal origin have a specific cholesterol-raising effect on our blood; and that this effect can be counteracted either by eliminating most of the fat from the diet or by substituting certain acids. However, that is a controver-

sial subject on which different persons have different opinions, depending, I would say, on how much they really know about the controversy.

Be that as it may, I want the cop in question to testify, on the witness stand, under oath, how he managed to get his dates wrong by eight days. Some tell me that if a policeman does not get rid of his book of summonses, he is accused of taking bribes, so he is a sucker one way or the other. But I suspect that what really happened is that he must have made out his papers before he went to work. Otherwise why would he have the wrong date and place?

This demonstration in favor of constitutional rights has already cost many times the \$2 fine and lots of time, but it is worth it. We shall probably have to take this question before the Supreme Court where Chief Justice Warren and his colleagues will have to decide whether a dog has rights under the Constitution or is that document only for liberals and left-wingers?

That is a very serious question. I understand ament all this that Mr. Justice William O. Douglas of the United States Supreme Court has written a book in which he solves all human problems and that the book will be out in January.

The publishers have not sent me a review copy and therefore I am under no obligation to hold my peace concerning this until the release date.

As a matter of fact, I do not need to accept any such obligation anyhow. Be that as it may, I am told that Mr. Justice Douglas takes a partisan stand on many questions which are before the court or are likely to be be-

The Nation Today

WASHINGTON (AP) — President Eisenhower, at a time when the quality of his leadership is under criticism at home and abroad, recently did two things which showed him more passive than active.

One is the way he handled his last TV broadcast; the other, the way he handled the highly secret Gaither report on the condition of the nation's defenses.

When he returned from this month's NATO meeting in Paris, he decided he and Secretary of State Dulles would report to the nation by television on what happened.

As it turned out, Eisenhower played straight man for Dulles. Although Eisenhower was at NATO and presumably knew what occurred, Dulles did almost all the talking as if he were telling both the nation and Eisenhower what went on.

On Nov. 7 a special commission of outstanding citizens, appointed by Eisenhower six months before to study defense problems of this country, made a highly secret report to him and the National Security Council.

But, bit by bit, information about what the report supposedly contained has been leaking out. And if they are true, stories on what has leaked out have looked frightening.

This report was named after the original chairman of the group, H. Rowan Gaither Jr., who had to step aside because of illness.

Other commission members were scientists, educators, business men, former military leaders, and a couple of Wall Street bankers who are close friends of Eisenhower.

According to the leaks, the commission went into all phases of this country's defenses and its needs—in relation to Russia—and then drew conclusions and made

recommendations for huge increases in defense spending.

On Dec. 20 the Washington Post published a story on the Gaither report in such detail it indicated a Post reporter must have been shown a great deal, if not all, the document.

The lead on that story said:

"The still top-secret Gaither report portrays a United States in the gravest danger in its history. It pictures the nation moving in frightening course to the status of a second-rate power."

As one leak followed another the Gaither report began to take on nationally: somber importance.

Eisenhower himself could have issued a statement on this report, either giving a brief outline of the contents and their nature, calling the leaks misleading, if they

were, or admitting their truth.

Instead, Eisenhower, let his press secretary, James C. Hagerty talk for the administration at his Gettysburg farm during the weekend.

Hagerty denied reports which said this country is in immediate peril. He said the country "at this time" is not in a position of military weakness, and the Gaither report "says just the opposite."

But he did not say whether the report warned that, at the rate we're going, we'll be in terrible shape, compared with Russia. To consider the future, he said, would be like looking into a crystal ball.

Hagerty said the President will give his views on what the country needs to do in his state of the union message to Congress in January.

Miss Hedges Engaged to Mr. Robinson

Mr. and Mrs. Aubin Hedges of Hillsboro are announcing the engagement of their daughter, Nancy Ann, to Mr. Paul Lawrence Robinson, son of Mr. and Mrs. William K. Robinson, Columbus Rd., Washington C. H.

Miss Hedges, a 1954 graduate of Hillsboro High School, attended Wilmington College and is now teaching in the Hillsboro schools.

Mr. Robinson graduated from Washington C. H. High School in the class of 1954 and from the Columbus Barber College. He served 21 months in the U. S. Navy. He is now employed as a barber in Xenia.

No definite date has been set for the wedding.

New Martinsburg WSCS Holds Family Night

A covered dish supper was enjoyed by 42 members and families of the New Martinsburg Women's Society for Christian Service and their guests, members of the Sugar Grove WSCS, in the Forest Shade Grange Hall Saturday night.

Following the supper a meeting was conducted by Mrs. Willis Handley, president. Mrs. Mary Marshall, devotional leader, led the group in singing "It Came Upon the Midnight Clear," with Mrs. Keith Zimmerman playing the piano accompaniment. Mrs. Marshall read two articles, "Let Us Adore the Saviour," and "Good News from the Stars," and a poem, "Spirit of Christmas." The group sang "Silent Night," closing with prayer by the Rev. Harold Huges.

Mrs. Handley introduced Mrs. Homer Garringer, president of the Sugar Grove WSCS, who presented a talk on the work of the WSCS.

Mrs. Garringer gave an invitation to the New Martinsburg WSCS to attend the Sugar Grove WSCS family night which will be held Jan. 16.

The program was conducted by Mrs. Nathaniel Tway, with the children of the New Martinsburg WSCS participating.

Ohioans Arrive In Pasadena For Rose Bowl

LOS ANGELES (AP)—By train, plane and auto, thousands of Ohio State and Oregon football rooters poured into the Los Angeles area during the week end, all intent on seeing Pasadena's big New Year's doubleheader: The Tournament of Roses parade and the Rose Bowl game.

Gov. Robert Holmes of Oregon arrived by plane and, perhaps with some heady optimism, predicted an Oregon victory over Ohio State.

"I think the score will be 17 to 13," he said.

Ohio State's 144-piece marching band, the school's cheer leaders and homecoming queen, Judy Cash, and her escort were among the arrival. Miss Cash, 20, a blue-eyed blonde from Poland, Ohio, will reign over most of the

Ohio State activities and ride the Big Ten Float with her four princesses.

Special trains from midwest points continued to bring Ohio State supporters and automobiles bearing Oregon and midwest license plates were everywhere in evidence.

Ohioans Arrive In Pasadena For Rose Bowl

LOS ANGELES (AP)—By train, plane and auto, thousands of Ohio State and Oregon football rooters poured into the Los Angeles area during the week end, all intent on seeing Pasadena's big New Year's doubleheader: The Tournament of Roses parade and the Rose Bowl game.

Gov. Robert Holmes of Oregon arrived by plane and, perhaps with some heady optimism, predicted an Oregon victory over Ohio State. "I think the score will be 17 to 13," he said.

Ohio State's 144-piece marching band, the school's cheer leaders and homecoming queen, Judy Cash, and her escort were among the arrival. Miss Cash, 20, a blue-eyed blonde from Poland, Ohio, will reign over most of the

Ohio State activities and ride the Big Ten Float with her four princesses.

Special trains from midwest points continued to bring Ohio State supporters and automobiles bearing Oregon and midwest license plates were everywhere in evidence.

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

Resolutions have long been closely associated with every New Year, and such resolutions have been of great help to a multitude of people who found the beginning of another year an ideal time to give them impetus in their resolve to do this, that and the other for better living, and greater happiness.

However in later years many persons have found that it is not necessary to wait until New Year's Day to put into effect some "resolution" for their good, but adopt them any time they realize that such changes are for greater happiness and prosperity.

I have noticed over a period of years that the custom of New Year's resolutions has been changing, like so many other things, and whenever I think of New Year's Resolutions, or resolutions generally, I recall what John D. Shoop, former Fayette Countyman who was head of the Chicago schools for years, told me during a conversation as we stood on the corner of Fayette and Court Sts. When he was visiting relatives here.

"Every one creates his own world," he declared, "and I have always found this the case unless forces over which the individual had no control, make it otherwise."

FOSSILS TELL STORY

I have seen many kinds of fossils from various places in Ohio, including drill chips containing fossils which were from in a bed of limestone laid down 2,000 to 2,500 feet below the surface in Fayette County.

Of course these fossil beds were formed millions of years ago when this area was covered by an inland sea.

I have found fern fossils in sandstone in Hocking County and the imprint of the fern was such that it could be identified as one of the same kind of ferns we see today.

I have also seen shining club moss imprinted in dark limestone from north central Ohio, and a wide range of other fossils from the four corners of the earth, as assembled in national, state and county museums.

A few days ago an Associated Press report from Auc and, N. Z., stated that geologists had radioed of finding six big veins of coal exposed for two miles along a glacier in the Antarctic, and that the coal contained fossil leaves and fern tree stems which were two feet in diameter.

Huge ferns and other evidences of a warm climate also have been found in the far Arctic regions, so that the "poles" could not have been as cold during the early stages of the earth, when the earth was cooling, as they are today.

OLD TOWNSHIP HOUSE

Until the new Paint Township House was built at Yatesville some side of Route 734, a short distance west of East Fork of Paint Creek, about a half mile west of the old township house.

It was a frame building, and the ground on which it stood was formerly owned by Isaac Waples. After being in use 20 to 25 years the school was abandoned and the 35 years ago, the voting place for the township was in a small, one-room building built 75 years ago which stood in the south corner of the intersection of Route 38 (Bloomington-Sedalia Rd.) and Route 734 (State Rd.), 2 1/2 miles north of Bloomington.

It was a somewhat inconspicuous building, originally painted brown or red and then apparently forgotten except at election time when the staunch Republicans and staunch Democrats (they had to

be staunch in those days to go so far to vote) drove in from all over Paint Township to cast their ballots.

In those days only the men voted, and the idea prevailed that it was up to the "head of the house" (which frequently was not the case even though he were a male) to do the balloting.

Several years after the new and more imposing township house was built at Yatesville, which is large enough for sizeable public gatherings, the old 14-by-18 foot building was torn away, and the land reverted to Grant Hays, adjacent farm owner.

About 55 years ago the Merriweather school house was built on a small plot of ground on the north building moved and used as a farm building on the Waples farm, as I recall.

FORTY YEARS AGO

King Ferdinand abdicated the Bulgarian throne. Three British destroyers were torpedoed by German submarines. The Austrians were driven back by the French in Italy in World War I, and a peace pact between Russian and Germany blew up because of German demands.

The coal famine was continuing, and the B&O placed an embargo on all freight shipments except coal, coke and ore. Sub-zero temperatures occurred during the week, following an 8- to 10-inch snow New Year's day and night.

A bride and groom, married here, borrowed \$1.50 from Mayor John Oster to pay their way to London.

V. J. Dahl became mayor, succeeding John Oster, and named Emmitt Passmore, safety director; Pete Tracey, service director and W. A. Tharp to the civil service board.

Isaac Glaze, 83, prominent Marion Township farmer, died. Omer Hidy, 25, was injured seriously in an acetylene gas tank explosion at New Martinsburg.

F. E. Eichelberger, leading corn grower, announced that results of tests made of corn showed only 5 per cent would germinate, due to low temperature early in the season.

Mrs. Anna Sherwood Hawks, author of "I Need Thee Every Hour" and many other famous hymns, died in Bennington, Va.

Noah L. Carr was named superintendent of the county Infirmary. The Bell Telephone Co. announced a new policy of calling by number instead of the name of the person of place of business wanted.

Sears & Nichols Co. announced peas would be bought at \$60 per ton during the coming packing season.

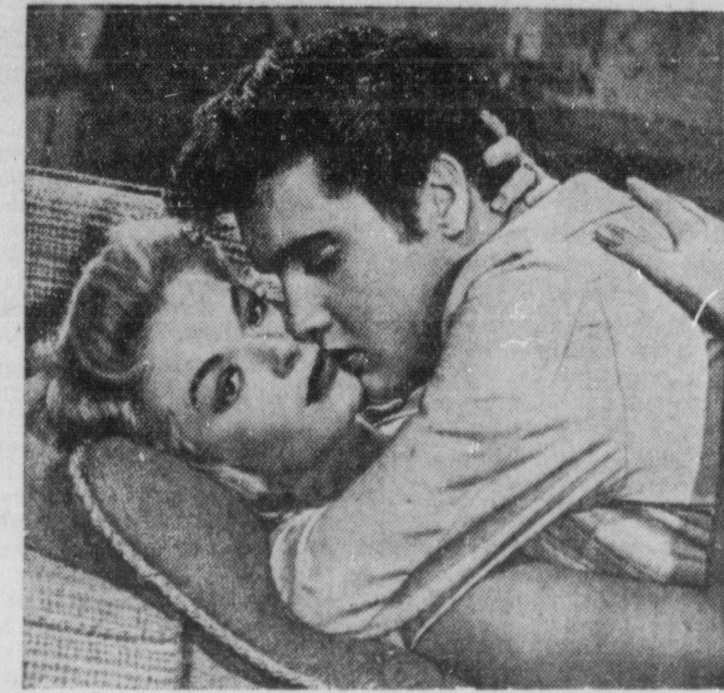

Emotional 'Scars' In Babies Studied

INDIANAPOLIS (AP)—New tests indicate babies can be emotionally scarred by what happens to their mothers during pregnancy.

Pregnant rats made emotionally anxious in the tests produced offspring which were abnormal emotionally. The effects are relatively permanent.

In one experiment, mice born to normal mothers developed emotional changes when reared by foster mothers who had been subjected to emotional stress.

The experiments were described to the American Assn. for the Advancement of Science by William R. Thompson, psychologist of Wesleyan University.

LOVER AND FIGHTER—Elvis Presley is a singer, dancer, barker and romancer in "Jailhouse Rock," which opens a three-day run at the Fayette Theater with a midnight show New Year's eve. Jennifer Holden (in above scene with Elvis) is co-starred.

Army Secretary's Wife Stresses Sense of Humor

By JANE EADS

WASHINGTON (AP)—Mrs. Wilbur Bruecker, wife of the secretary of the army, advises Washington official wives a sense of humor is a most valuable asset in the capital whirligig. She put her preaching into practice for their benefit recently, when illness prevented Mrs. Neil H. McElroy, wife of the

secretary of defense, from attending a luncheon Mrs. Bruecker was giving in her honor.

Pinch-hitting for Mrs. McElroy in the receiving line was Mrs. Reuben Robertson Jr., wife of the former deputy secretary of defense, and an old friend of Mrs. McElroy who had come from her home in Cincinnati especially for the party. A highlight of the show Mrs. Bruecker had lined up for 50 guests, who included diplomatic, Cabinet and Defense Department wives, was the singing of the famous Army Chorus which had composed a special song for the wife of their new chief.

Mrs. Bruecker, who had planned to give "some tips" to a newcomer to the Washington scene, Mrs. McElroy, passed them on to the guests instead. On how to best keep their heads, health, and happiness during their stay in the capital, Mrs. Bruecker a "veteran" of more than three years here, said: "You must have a good sense of humor, know how to work hard, not take yourself seriously, and learn to talk small talk."

Privately, Mrs. Bruecker confessed it's equally important for an official wife to see that her responsibility - burdened husband gets enough rest and relaxation from his chores and that she "watches his diet."

The Cabinet wife does all her own cooking, preparing "light things" for the secretary's dinner, which he frequently doesn't sit down to until after 9 o'clock.

"I always wait until his secretary calls to tell me he's on his way home before I put dinner on the stove," she told me. "We try to limit our social evenings to early receptions and avoid dining out whenever possible. Long hikes are our main form of exercise."

Mrs. Bruecker who once took a course in magazine and short story writing, sends an article to be read at monthly meetings of the School of Government Club she helped organize in 1940 in Detroit, where her husband was engaged in private law practice after serving as governor of Michigan.

Usually she writes about Washington and her travels abroad with her husband.

Miss America Winner Finds Road Rough

NEW YORK (AP)—Presumably it is the dream of many an American girl to be chosen Miss America of 19--.

Well, in 1955 a beautiful and talented girl named Lee Meriwether of San Francisco, Calif., was chosen the Miss America of that year with much fanfare at Atlantic City, N. J. She was delighted because the money she received would help her realize her life-long ambition of becoming an actress.

Today she still hopes to achieve recognition as a first-rate actress.

"But," she says "I think it's a real disadvantage to me as an actress ever to have been chosen a Miss America."

She will be seen in her most important television dramatic role to date next Wednesday evening, Jan. 1, when she plays the feminine lead on "The Millionaire" (CBS-TV, 9 p. m., EST).

Although the story in part has a tropical beach setting seemingly an opportunity to put Miss Meriwether in a bathing suit—she appears, instead, in a tweedy riding costume. And that is precisely the way she demands it.

"I want to be a good actress," she says, "and if I can't be one, I don't want to be an actress at all. I also want a home and husband and family, and I don't see why one goal excludes the other."

Trucker Accused Of Manslaughter

MOUNDSVILLE, W. Va. (AP)—Robert Figley, Massillon, Ohio, was charged with manslaughter, state police reported, after his truck was involved in a fatal accident Sunday.

Howard C. Bowman, 39, of Wellsburg, father of four, was killed when his truck collided head on with Figley's, then bounced into a car driven by Page Keener of New Martinsville. The accident happened on W. Va. 2 about 18 miles south of here. Neither Figley or Keener were hurt, police said.

'Sacred Cows' Said Curbing Sense of Humor in America

By BOB THOMAS
HOLLYWOOD — Is America losing its sense of humor? Perhaps we can laugh just as easily as before, but we are getting less and less opportunity. The decline of comedy in TV, movies and radio has been cited by many observers. In Atlantic Monthly, Steve Allen attributes this to such causes as the force-feeding of comedy on a mass scale, lack of training grounds for new comics and unsettled conditions in the world.

George S. Kaufman has also complained that funny men have fewer things to kid these days; there are too many sacred cows. Stan Freberg, the brilliant young satirist, can attest to this in the radio and record field.

Freberg is a curly-haired fellow with a devilish sense of humor though he has the face of a hick—"I'm from Pasadena, and I wear it like a badge," he says defiantly. His take-off on "Dragonet," "St. George and the Dragonet," sold over 1½ million records, an amazing number for a non-musical, comedy disc.

Since then he has satirized rock 'n' roll singers, Johnny Ray, Texans, Harry Belafonte and other phenomena, his latest hit being a take-off of Lawrence Welk called "Wunnerful, Wunnerful."

"The subjects you can satirize are getting narrower and narrower," he sighed. "I had records

about Ed Sullivan, Arthur Godfrey and Ralph Edwards ready to go, but I couldn't get approval for them.

"Capitol Records is too concerned that the subjects will sue unless we get permission from them. The lawyers argue that a single takeoff on TV might not bring action, but the repetition of a record might be cause for damages. I can't convince them otherwise."

Sullivan said the record was very funny, but wouldn't give his go-ahead. I sent the record to Godfrey and it was rejected, though I don't know if Godfrey himself ever heard it. Edwards was very nice about it. He said he'd never be able to do "This is Your Life" with a straight face if he allowed the record to come out."

Tired of such goings-on, Freberg sneaked the Welk record out without the bandleader's approval or the Capitol legal department's permission.

Fortunately for those who appreciate laughter, Freberg is not giving up. He has formed Freberg, limited ("but not very much") and is cooking up a TV show for one of the networks. He also is producing some spot commercials which are hilarious.

He is determined to continue, though he readily admits that being funny these days is serious work.

Americans Drive Themselves Into Odd Situations in '57

WASHINGTON — Americans drove themselves into some freakish situations in 1957.

A 62-year-old Royal Oak, Mich., woman, en route to apply for a driver's permit, sideswiped a parked car and sheared off a utility pole. So her driving days ended before they began.

A 14-year-old lass in Baton Rouge, La., steered herself into a bit of trouble, too. Making her first rally in the family car she proceeded to score one sideswiping, one broadside smash and one back-up poke of another car. She then got out and walked away.

But the women drivers didn't hog the zany honors. At Oswego, N.Y., a man who thought his brakes might need checking found

his suspicion to be correct when his car smashed through the service station door.

A 72-year-old Grand Rapids, Mich., oil executive took a wrong turn at Norfolk, Va., one night and found himself shooting down and found himself shooting down the new 60-million-dollar Hampton Roads bridge-tunnel. His car was the first to make the crossing—an honor that was to have been the governor's a couple of days later.

A Salt Lake City woman couldn't open her car door, so she asked a male passerby to lend a helping hand. He, too, tried the key without success. Whereupon the woman suggested he break the window to open the door from the inside. 'Twas done and inside she made the discovery: The car wasn't hers.

A vehicle of a different sort gave a Memphis, Tenn., woman a broken nose, two black eyes and facial cuts. She fell from a speeding tricycle driven by her 3-year-old son.

Columbus Boy, 16, Shot by Policeman

COLUMBUS, Ohio — A policeman said he shot one of three boys who fled a stolen car Sunday. The youth, Jack Lediard, 16, was reported in fair condition at a hospital after being wounded in the back.

Patrolman Francis Shalosky said Lediard ran from the car, hid in some bushes, then ran again when Shalosky approached with handcuffs. Shalosky said he ordered the boy to stop, then fired once. Lediard's two companions, 14 and 13, were taken into custody and admitted five auto thefts, police said.

Arizona is 42 per cent desert, 25 per cent grassland and 33 per cent forest.

LIFE IN DEATH—Found guilty of first degree murder in the wanton slaying of 22-month-old Laura Helen Wetzel in Long Beach, Calif., 15-year-old Larry Miller faces life imprisonment. (International)

IT'S OFFICIAL NOW—Trudy Wood, 17, is crowned Queen of the Tournament of Roses by John Biggers, Jr., in a ceremony at the Pasadena, Calif., civic auditorium. He is president of the New Year's Day tournament. (International Soundphoto)

Wee Driver Finds Penalty In Woodshed

WASHINGTON, England — Motorists blinked as a small truck weaved through the traffic here, apparently without a driver.

They watched as the truck scraped against the wall of the police station and shuddered to a halt. Then the driver got out.

The driver was Jim Brennan, just 7 years old and 4 feet high.

He had driven the truck, which belonged to his uncle, 1½ miles along busy streets, around five sharp corners, across a railroad crossing and up and down three steep hills.

He couldn't see over the driving wheel. He had great difficulty reaching the pedals. And he had no idea how to stop.

It all happened because Jim went to his uncle's house on an errand and missed the bus home. His uncle was out. He saw the truck standing there and climbed in.

After the truck hit the police station, an officer drove Jim home in a police car.

Under British law no one under 8 can be prosecuted. Jim's father, however, was under no such restrictions. He spanked the boy and canceled a present of a new bicycle.

Danny Thomas Gives Theory

His Success Climb Revealed by Ratings

By BOB THOMAS
HOLLYWOOD — "It's the difference between having your merchandise in the basement or having it in the street window."

This was Danny Thomas's explanation of his phenomenal success in leaping to the top area in the TV viewer polls this season.

And it has been a fantastic feat. Danny's family show had been on TV four seasons. Last year his rating hit the skids.

"By all rights, I should have been off the air by now," said Danny. "Every law of television would dictate that I was through."

The comedian made the remarks in his award-laden den as he was having a haircut. Such service is not a conceit, he remarked, but a necessity because of his harried schedule. I asked him if he thought his show was any better this year.

"I don't see how I can say that it is," he replied.

"Certainly we couldn't have asked for more awards or critical raves than we got in our first three years. And we got up to a good rating, too. But last year we came right in the middle of 'Climax' and we couldn't do a thing."

Fortunately, Danny had allies in his desire to keep the show alive. One was advertising executive Tom McDermott, who sold a sponsor on buying Danny. The cause wasn't hurt by Desi Arnaz who commented that Danny's was the one show which could sustain the ratings in the time "I Love Lucy" was vacating.

He proved himself by becoming the top banana in the dimish ranks of comedies, scoring the top ratings for a comedy show.

Unhealthy Pupils

BOMBAY, India — School health authorities here announced that 35,000 out of 42,000 pupils given physical examinations were found to be unfit. The report said 28 per cent were suffering from general debility; 24 per cent from dental defects; 15 per cent from throat troubles; 14 per cent from enlarged lymphatic glands; 5.17 per cent from skin diseases and 3.29 per cent from eye and nose ailments.

There are 26 Federal dams built between Minneapolis and St. Louis for flood control.

Catcher's Masque

PORTSMOUTH, Va. — M. S. "Tiny" Moynihan, 24-year-old mail carrier, is quite a hero to folks around here; but he takes the incident as just one of those things which happen to a mailman.

Donna Kelly, 4, trying to retrieve some toys, slipped and neighbors watched in terror as she clung by one hand to the outside of a second floor window still.

Moynihan, a former high school athlete and assistant to the athletic director of the recreation bureau, rushed up and persuaded the child to drop. He made a perfect catch.

Man Returns To Home He Doesn't Know

CLEVELAND — Raynbert J. Albert, who confessed a killing which apparently never happened, is back in a home he says he doesn't know.

Raymond Hensley, Albert's stepfather, and a friend returned him Sunday from Columbus. Columbus police released Albert, who insists he is a blacksmith named Donald Mack, after investigating a slaying he claims he committed during a drunken brawl.

The 40-year-old Albert, a map and globe salesman, disappeared from his Lakewood home 11 months ago, leaving his wife and two children behind. His identity was learned by police during an investigation of the alleged murder, of which police say they have no record.

At her home Sunday night, Mrs. Hensley, Albert's mother, said he denied he had a wife or family. "He tells me he does not know

me," she said.

"When we got home," his stepfather said, "he never recognized the place. He walked right past one of his best friends without even looking at him."

Hensley said Albert was struck on the head while helping a neighbor repair a garage about two weeks before his disappearance.

"He complains of severe pains on one side of his face and takes aspirins all the time for it," his mother said, "and he has almost

lost all the hearing in his right ear.

"I don't know exactly what we'll do. We will probably take him to a doctor, first."

She refused to allow newsmen to talk to her son. He has not been told that his wife has filed suit for divorce, she added.

PARTITION SUITS FILED

Two partition suits, asking division or sale and distribution of proceeds from Fayette County farm properties, have been filed in Common Pleas Court.

Frank L. Green, Bloomingburg, is plaintiff in one action, naming Cleveland W. Shough, Washington C. H., and nine other heirs of the late James W. Green as defendants.

Green states that he owns an undivided half interest in 104.89 acres on Brock Rd., Paint Township, and that the other defendants own fractional interests in the property.

The other partition suit was filed by Emma L. Coil, Route 3, Sabina, naming Anna L. Rankin, Milledgeville, and five others as defendants. The plaintiff asks partition of two parcels in Jasper Township, containing a total of 252.72 acres, in which she claims an undivided one-third interest.

The defendants, the petition states, own fractional interests in the property which they inherited from Russell Coil who died in June of this year.

ASKS MORE SOCIAL SECURITY—Francis X. Bushman, who collected millions of dollars as a silent screen idol, makes application in Santa Monica, Calif., to have his Social Security benefits upped. Beside him is his wife Iva, and behind is John H. Johnson, Social Security district manager. Bushman may be entitled to increased benefits based on his 1957 earnings. He still does a bit of Thespian work. (International Soundphoto)

Finals Tonight In 4 College Cane Tournaments

Kansas State-Kansas Clash Labeled as Top Battle on Schedule

By THE ASSOCIATED PRESS
Champions will be crowned in four major tournaments tonight with the Big Eight in Kansas City, matching Kansas and Kansas State—both unbeaten, and both potential national champions.

In the others, California takes on Temple in the Holiday Festival windup in New York, Maryland meets Memphis State in the final of the Sugar Bowl Tournament in New Orleans and Iowa plays Syracuse for the title of the Queen City event in Buffalo, N. Y.

This week will mark the wind-up of the heavy holiday tournament schedule and the teams will get down to the serious business of their conference races which for the winners will mean invitations to the NCAA tournament leading to the national championship next March.

Both Kansas and Kansas State are unbeaten, each having won nine games. They are co-favorites for the Big Eight title. And they were ranked Nos. 2 and 3, respectively, in last week's Associated Press poll of the top basketball teams in the country.

Possibly because of the fabulous Wilt (The Stilt) Chamberlain, Kansas will rate a slight edge in the final.

Temple, which could emerge as the class of the Eastern sector, is a 5-point choice over California.

Maryland, rated No. 6 in the nation, is expected to roll past Memphis State, while Iowa is favored over Syracuse.

In addition to the tournaments, two more clubs who are casting covetous eyes at the national crown—Michigan State and Cincinnati—see action tonight. State, which appears to be the class of the Big Ten, visits Washington while Cincinnati engages Bradley. Both State and Cincinnati are undefeated.

West Virginia, which climbed clear to the top of the rating on its victory over North Carolina more than a week ago, gets back into action against Canisius Thursday. The Mountaineers have been resting since the NC game.

Two tournaments get under way tonight and one more Wednesday and that wraps up the holiday tournament business. The Gator Bowl, pairing Georgia vs. South Carolina and Florida vs. Clemson, and the All American at Owensboro, Ky., sending Washington and Lee against Ohio U. and Kentucky Wesleyan against Southern Illinois start tonight.

Then, on Wednesday, Georgia, The Citadel, Florida State and Spring Hill begin operations in the two-day Senior Bowl Tournament at Mobile, Ala.

While North Carolina tumbled all the way to fourth place in the ratings after West Virginia snapped its 37-game winning streak, the Tar Heels certainly will be in the midst of the fight for championship honors.

They started the long road back last Saturday—and in the process showed they weren't going to let one defeat get them down—by winning the Dixie Classic final from North Carolina State, 39-30.

San Francisco and Mississippi State also won major tournaments Saturday night. The Dons, No. 7 in the country whipped Oklahoma City, 60-45, in the final of the All-College affair in Oklahoma City and Mississippi State, No. 10, won its own invitational by turning back Morehead, 46-41.

In other big windups Saturday, Holy Cross vanquished Dartmouth 77-72, in the Holy Cross Invitational; Texas Christian won the pre-season Southwest Conference event, edging Rice, 57-55; Georgia Tech humbled Detroit, 70-66, in the Motor City finish, and Oregon State captured the Far West Classic by halting Utah, 65-63.

Carl Smith Helps Vols Win Bowl Game

Texas Aggies Edged, 3-0, at Jacksonville

Every football fan in Fayette County who could get near a TV set—and a lot of others who are not in the "fan" class—saw a former star halfback of the Washington C. H. High School Lions, Carl Smith, make two defensive plays that played an important part in the 3 to 0 victory of the Tennessee Volunteers over the Texas Aggies in the Gator Bowl Saturday in Jacksonville, Fla.

He recovered a fumble by All-American John Crow in the second period deep in Vol territory that ended the Aggies' most serious touchdown threat.

He also broke up a pass that, had it been completed, could have spelled disaster for the Vols.

Smith, now a junior at Tennessee, played more than half the game, sharing the fullback chores in Tennessee's weird single-wing formation with Tommy Bronson. He carried the ball only four times, but did yeoman work in blocking for Bobby Gordon, the tailback.

The first time Smith was given the ball, he slashed off left tackle for 11 yards. The other three times, he smashed through the middle for short yardage.

Smith set a state class A scoring record during his last year in high school here in 1952, when the Lions romped rough-shod over all opposition to rate among the top 10 high school teams of the state. He also made the high school All-American team that year.

He entered Tennessee after a two-year hitch in the Army.

THE VOLS won the Gator Bowl game on a field goal by Sammy Burklow after Gordon ran and passed Tennessee into scoring range.

Just when the fans had decided the bruising defensive battle would end in a scoreless tie, the brilliant Tennessee tailback took the Vols on a personally conducted march to the A&M 1.

On fourth down, Burklow trotted in and arched his kick between the uprights with 5 1/2 minutes left.

The ball was booted from the seven and had to travel 17 since the goal posts are 10 yards behind the goal line. It was the first field goal Tennessee had attempted all season. Burklow, however, had made good on 15 of 17 conversion attempts during the regular season.

THE TENNESSEE drive started at the 50 and Gordon ran or passed on every play until he got to the 1.

Twice previously the Vols had powered deep into Aggie territory only to have their drives stopped at the 14 and the 27 by fumbles.

For three quarters, the big A&M line and the light, fast Tennessee forewell kept the powerful backs of the two defensive specialists pretty well corralled except for a long, dazzling punt return by Gordon.

ALL AMERICAN halfback John Crow, a plunging, fighting runner, was the Aggies' bread-and-butter man, just as he was all season. But he, Roddy Osborne and Loyd Taylor simply couldn't crash the swift, agile Vol line consistently.

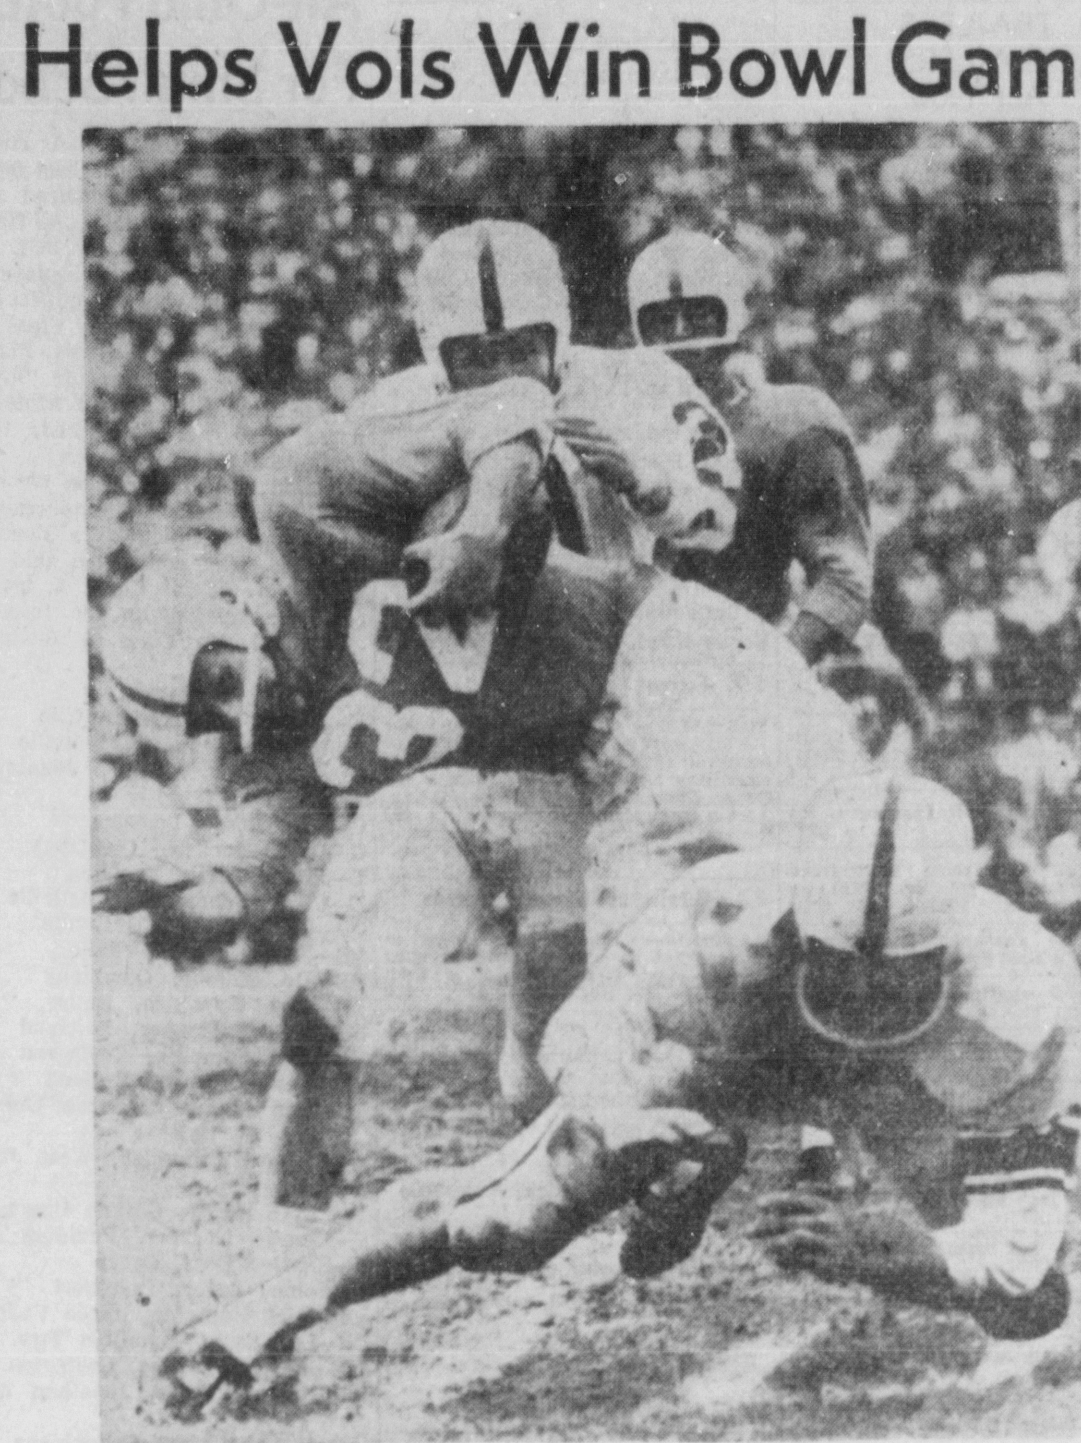

The deepest Aggie penetrations came in the second quarter when twice A&M reached the Tennessee 35. On the first drive, Crow was stopped about two inches short of a first down. The next time, the 215-pound Aggie star was tackled so hard the ball squirted loose and Smith recovered for Tennessee.

Gordon, who gained 60 yards in 32 carries, and Crow who pitched up 46 in 14 runs, were voted their teams' most valuable players in a press box poll.

This was the final A&M game for Coach Paul (Baer) Bryant, who goes to Alabama next year. The victory was Tennessee's fourth in a bowl in 11 appearances.

Detroit Humbles Cleveland To Win Pro Football Title

DETROIT (P)—Their old coach called them "dead," their victims called them "lucky" and their new coach calls them "the fighting damn bunch of guys I've ever seen."

But whatever you call them, today the Detroit Lions are the world champions of professional football. They proved it Sunday by dealing the Cleveland Browns the worst defeat in the team's history, 59-14, in the world title game at Briggs Stadium.

The startling triumph, achieved before 53,283 and a nationwide television audience, provided a dramatic climax to the daffiest campaign in National Football League history.

A grizzled band of old pro diehards and a couple of rookies combined to produce this city's fourth world championship football team. This is the third time the Lions have grabbed off the big prize by beating their bitter rivals from Ohio.

Under the flawless guidance of quarterback Tobin Rote the Lions moved with authority and command from the start, scoring 17 points in the opening period and following with 14 points in each of the last three quarters. Rote, who never before played with a title-winning team in eight seasons of pro ball, was an offensive giant for the Lions.

The bronzed, drawing Texan who took over as solo quarterback

four weeks ago when Bobby Layne was sidelined with a fractured ankle, threw four touchdown passes and scored another.

Handyman Jim Martin, the old Notre Dame veteran the Lions almost released last summer, got the club off to a rousing start. He kicked a 31-yard field goal in the first period and before the scrap was over added eight extra points.

The Browns, division champs seven times in eight seasons and world titlists three times, never really got started. Linebacker Bob Long, one of more than half a dozen Detroit stalwarts obtained in player deals, intercepted a Tommy O'Connell pass three plays later. In three plays the Lions scored with Rote sneaking over from the one.

Milt Campbell fumbled the kickoff and rookie Terry Barr of Michigan recovered on the Cleveland 15. In six plays the score stood 17-0.

Before the first half was over, Rote passed from field goal formation on fourth down, hitting another rookie, end Seve Junker, on a 26-yard scoring play. And Barr raced 19 yards with a pass intercepted for another score, offset-

Italian Race Driver Killed in Florida

MIAMI BEACH, Fla. (P)—The racing death of Ezio Selva started 10,000 watchers and wrote a tragic finish Sunday to the 1957 Orange Bowl regatta's International Grand Prix event.

The smiling, 56-year-old wire-maker from Milan, Italy, was killed in the flipover of his red Moschetti 500 feet from the judges' stand during the second heat of the race.

Selva had previously announced this would be his last race. "I'm getting too old," he said.

Tourney Finale Lost by Jeff

High-Scoring Game Won by Port William

Dark-horse Cedarville won the Greenview invitational tournament at Jamestown Saturday night while Jeffersonville could not outscore Port William, no matter how high the totals went up.

The Portmen hammered home 37 foul shots and 20 baskets to beat Jeffersonville, 95-88, in the consolation game.

It was the second tournament defeat for the Tigers. They bowed to Cedarville, 69-66, in the opening round the night before. Cedarville's championship-winning victory over Jamestown Saturday was made on a 45-40 score.

Don Fieldsran was a one-man offense for the Port William squad in the Saturday contest as he poured in 16 baskets and 14 field goals for 46 points. He more than doubled the output of any other member of his team.

JEFF OUTSCORED Port William from the field, scoring 34 field goals to the winners' 29. Only Port William's 37-20 foul line advantage enabled them to edge through.

Jeffersonville's field percentage at 50 was better than the opposition's. The Tigers sank 45 percent of their field goal tries while the Portmen were sinking only 46 percent.

Port William hammered home a first-quarter lead of 22-18 and stayed in front from there on out. At the half, they were on top, 43-36, at the third quarter, 72-69, and they went on from there through a relatively easy last quarter.

Alvah Hanners led Jeff scoring with 25 points. Jim Smith dumped in 20.

Lions Swamp Jackson In Last Tourney Game

The Lion cagers of Washington C. H. High School threw their scoring machinery into high gear Saturday night to take a decisive 86 to 52 victory over Jackson in the final game in the invitational tournament.

Tom Swaim, aggressive Lion guard, and Larry Milstead, little Lion sharpshooter, put on a two-man show, scoring 53 points between them—one more than the Jackson total.

Swaim got 10 field goals, most

of them on drive-ins and rebounds, and 10 free throws. Milstead netted 11 from the field, most of them on outside jump shots, his specialty. But he got only three from the foul line.

Pete Pfersick and Bob Huff, who were brought up from the WHS reserve squad, started for the Lions and covered themselves with glory. Although their scoring was overshadowed by Swaim and Milstead, their ball handling was outstanding. Pfersick, 6-3, got more than his share of rebounds and the speedy Huff kept the Jacksonians off balance with his ball-hawking.

THE LIONS, who were swamped, 82-57, by New Boston Friday night in their opener, connected with 31 of their 76 shots from the field and 24 of 30 free throws.

The Jackson boys were held to 40 shots from the field by the tight defense of the Lions and they made 16 of them. Their foul shooting accounted for 20 points in 25 tosses.

Coach Herb Russell gave every Lion on the squad a chance to play and 11 of them had a hand in the scoring.

New Boston, conquerer of the Lions in the tourney opener, was knocked off by Waverly, 64 to 50, in the final game for the title.

Kansas State-Kansas
Clash Labeled as Top
Battle on Schedule

By THE ASSOCIATED PRESS
Champions will be crowned in four major tournaments tonight with the Big Eight in Kansas City matching Kansas and Kansas State—both unbeaten and both potential national champions.

In the others, California takes on Temple in the Holiday Festival windup in New York, Maryland meets Memphis State in the final of the Sugar Bowl Tournament in New Orleans and Iowa plays Syracuse for the title of the Queen City event in Buffalo, N. Y.

This week will mark the wind-up of the heavy holiday tournament schedule and the teams will get down to the serious business of their conference races which for the winners will mean invitations to the NCAA tournament leading to the national championship next March.

Both Kansas and Kansas State are unbeaten, each having won nine games. They are co-favorites for the Big Eight title. And they were ranked Nos. 2 and 3, respectively, in last week's Associated Press poll of the top basketball teams in the country.

Possibly because of the fabulous Wilt (The Stilt) Chamberlain, Kansas will rate a slight choice in the final.

Temple, which could emerge as the class of the Eastern sector, is a 5-point choice over California.

Maryland, rated No. 6 in the nation, is expected to roll past Memphis State, while Iowa is favored over Syracuse.

In addition to the tournaments, two more clubs who are casting covetous eyes at the national crown—Michigan State and Cincinnati—see action tonight. State, which appears to be the class of the Big Ten, visits Washington while Cincinnati engages Bradley. Both State and Cincinnati are undefeated.

West Virginia, which climbed clear to the top of the rating on its victory over North Carolina more than a week ago, gets back into action against Canisius Thursday. The Mountaineers have been resting since the NC game.

Two tournaments get under way way tonight and one more Wednesday and that wraps up the holiday tournament business. The Gator Bowl, pairing Georgia vs. South Carolina and Florida vs. Clemson, and the All American at Owensboro, Ky., sending Washington and Lee against Ohio U. and Kentucky Wesleyan against Southern Illinois start tonight.

Then, on Wednesday, Georgia, The Citadel, Florida State and Spring Hill begin operations in the two-day Senior Bowl Tournament at Mobile, Ala.

While North Carolina tumbled all the way to fourth place in the ratings after West Virginia snapped its 37-game winning streak, the Tar Heels certainly will be in the midst of the fight for championship honors.

They started the long road back last Saturday—and in the process showed they weren't going to let one defeat get them down—by winning the Dixie Classic final from North Carolina State, 39-30.

San Francisco and Mississippi State also won major tournaments Saturday night. The Dons, No. 7 in the country whipped Oklahoma City, 60-45, in the final of the All-College affair in Oklahoma City and Mississippi State, No. 10, won its own invitational by turning back Morehead, 46-41.

In other big windups Saturday, Holy Cross vanquished Dartmouth 77-72, in the Holy Cross Invitational; Texas Christian won the pre-season Southwest Conference event, edging Rice, 57-55; Georgia Tech humbled Detroit, 70-66, in the Motor City finish, and Oregon State captured the Far West Classic by halting Utah, 65-63.

Carl Smith Helps Vols Win Bowl Game

Texas Aggies
Edged, 3-0, at
Jacksonville

Every football fan in Fayette County who could get near a TV set—and a lot of others who are not in the "fan" class—saw a former star halfback of the Washington C. H. High School Lions, Carl Smith, make two defensive plays that played an important part in the 3 to 0 victory of the Tennessee Volunteers over the Texas Aggies in the Gator Bowl Saturday in Jacksonville, Fla.

He recovered a fumble by All-American John Crow in the second period deep in Vol territory that ended the Aggies' most serious touchdown threat.

He also broke up a pass that, had it been completed, could have spelled disaster for the Vols.

Smith, now a junior at Tennessee, played more than half the game, sharing the fullback chores in Tennessee's weird single-wing formation with Tommy Bronson. He carried the ball only four times, but did yeoman work in blocking for Bobby Gordon, the tailback.

The first time Smith was given the ball, he slashed off left tackle for 11 yards. The other three times, he smashed through the middle for short yardage.

Smith set a state class A scoring record during his last year in high school here in 1952, when the Lions romped rough-shod over all opposition to rate among the top 10 high school teams of the state. He also made the high school All-America team that year.

He entered Tennessee after a two-year hitch in the Army.

THE VOLS won the Gator Bowl game on a field goal by Sammy Burklow after Gordon ran and passed Tennessee into scoring range.

Just when the fans had decided the bruising defensive battle would end in a scoreless tie, the brilliant Tennessee tailback took the Vols on a personally conducted march to the A&M 1.

On fourth down, Burklow trotted in and arched his kick between the uprights with 54 minutes left.

The ball was booted from the seven and had to travel 17 since the goal posts are 10 yards behind the goal line. It was the first field goal Tennessee had attempted all season. Burklow, however, had made good on 15 of 17 conversion attempts during the regular season.

The bronzed, drawing Texan who took over as solo quarterback

four weeks ago when Bobby Layne was sidelined with a fractured ankle, threw four touchdown passes and scored another.

Handyman Jim Martin, the old Notre Dame veteran the Lions almost released last summer, got the club off to a rousing start. He kicked a 31-yard field goal in the first period and before the scrap was over added eight extra points.

The Browns, division champs seven times in eight seasons and world titlists three times, never really got started. Linebacker Bob Long, one of more than half a dozen Detroit stalwarts obtained in player deals, intercepted a Tommy O'Connell pass three plays later. In three plays the Lions scored with Rote sneaking over from the one.

Milt Campbell fumbled the kickoff and rookie Terry Barr of Michigan recovered on the Cleveland 15. In six plays the score stood 17-0.

Before the first half was over, Rote passed from field goal formation on fourth down, hitting another rookie, end Seve Junker, on a 26-yard scoring play. And Barr intercepted for another score, offset-

ting Jim Brown's 29-yard touchdown run for Cleveland on the first play of the second quarter.

The Browns scored first in the second half, marching 80 yards in 10 plays with Lew Carpenter's five-yard run capping the drive. Detroit roared back with a touchdown on the first play from scrimmage as Rote and Jim Doran combined on a 78-yard scoring pass.

Before the period was over Rote connected with Junker again on a 24-yard scoring pass and early in the fourth quarter found Dave Middleton in the Cleveland end zone for a 32-yard scoring pitch.

Jerry Reichow led the final touchdown drive that covered 66 yards. He hit Howard (Hopalong) Cassidy with a 17-yard touchdown pass with less than three minutes remaining in the game.

George Wilson, the nice guy who became head Detroit coach when Buddy Parker quit and turned out a title team in his first try, could barely make himself heard amid the wild demonstrations in the dressing room. He called it "a team victory if there ever was one" and credited the team's undying spirit with producing the rags-to-riches saga that turned the city upside down.

Italian Race Driver
Killed in Florida

MIAMI BEACH, Fla. (AP)—The racing death of Ezio Selva started 10,000 watchers and wrote a tragic finish Sunday to the 1957 Orange Bowl regatta's International Grand Prix event.

The smiling, 56-year-old wire-maker from Milan, Italy, was killed in the flipover of his red Moschetti 500 feet from the judges' stand during the second heat of the race.

Selva had previously announced this would be his last race. "I'm getting too old," he said.

Tourney Finale
Lost by Jeff

High-Scoring Game
Won by Port William

Dark-horse Cedarville won the Greenview invitational tournament at Jamestown Saturday night while Jeffersonville could not outscore Port William, no matter how high the totals went up.

The Portmen hammered home 37 foul shots and 29 baskets to beat Jeffersonville, 95-88, in the consolation game.

It was the second tourney defeat for the Tigers. They bowed to Cedarville, 69-66, in the opening round the night before. Cedarville's championship-winning victory over Jamestown Saturday was made on a 45-40 score.

Don Fieldman was a one-man offense for the Port William squad in the Saturday contest as he poured in 16 baskets and 14 field goals for 46 points. He more than doubled the output of any other member of his team.

JEFF OUTSCORED Port William from the field, scoring 34 field goals to the winners' 29. Only Port William's 37-20 foul line advantage enabled them to edge through.

Jeffersonville's field percentage also was better than the opposition's. The Tigers sank 45 percent of their field goal tries while the Portmen were sinking only 46 percent.

Port William hammered home a first-quarter lead of 22-18 and stayed in front from there on out. At the half, they were on top, 43-36, at the third quarter, 72-69, and they went on from there through a relatively easy last quarter.

Alvah Hanners led Jeff scoring with 25 points. Jim Smith dumped in 20.

Russell Tops List
Of Selections for
All-Star Cage Tilt

NEW YORK (AP)—Bill Russell of the Boston Celtics was the only unanimous choice among the 10 starting players who were selected today to play in the annual All-Star game of the National Basketball Assn. Jan. 21 at St. Louis.

Bob Cousy and Bill Sharman will team with Russell of the Celtics on the Eastern team that also will include Willie Naulls of the New York Knickerbockers and Adolph Schayes of the Syracuse Nats.

Bob Pettit of the St. Louis Hawks and teammate Slater Martin are on the Western team. George Yardley of the Detroit Pistons, Maurice Stokes of the Cincinnati Royals and Dick Garman of the Minneapolis Lakers round out the squad.

Lions Swamp Jackson
In Last Tourney Game

The Lion cagers of Washington C. H. High School threw their scoring machinery into high gear Saturday night to take a decisive 86 to 52 victory over Jackson in the final game in the invitational tournament.

Tom Swaim, aggressive Lion guard, and Larry Milstead, little Lion sharpshooter, put on a two-man show, scoring 53 points between them—one more than the Jackson total.

Swaim got 10 field goals, most

of them on drive-ins and rebounds, and 10 free throws. Milstead netted 11 from the field, most of them on outside jump shots, his specialty. But he got only three from the foul line.

Pete Piersick and Bob Huff, who were brought up for the WHS reserve squad, started for the Lions and covered themselves with glory. Although their scoring was overshadowed by Swaim and Milstead, their ball handling was outstanding. Piersick, 6-3, got more than his share of rebounds and the speedy Huff kept the Jacksonians off balance with his ball-hawking.

THE LIONS, who were swamped, 82-57, by New Boston Friday night in their opener, connected with 31 of their 76 shots from the field and 24 of 30 free throws.

The Jackson boys were held to 40 shots from the field by the tight defense of the Lions and they made 16 of them. Their foul shooting accounted for 20 points in 25 tosses.

All-Ohio Football Team For Small Schools Picked

COLUMBUS, Ohio (AP)—A com-
mittee of Class A high school foot-
ball coaches today announced se-
lection of an unofficial All-Ohio
Class A football team for 1957.

The committee said players
were chosen by votes submitted by
some of the "winningest" Class A
football coaches in the state. Play-
ers from schools designated "AA"
by the Ohio High School Athletic
Assn. were not considered, the
committee said.

It said close competition for of-
fensive backfield positions result-
ed in the selection of a double
backfield. The committee said it
hoped an official Class A team
could be selected in the future.

The All-Ohio Class A football
team:

Random Comments

BY RAY BRANDENBURG

A group of High School carolers led by Bob Newman visited us last week. Their music was wonderful. Boys and girls and Bob, words cannot express our appreciation. We hope you keep on coming for many years to come. Also three lovely girls came in one night and sang several songs for Elma and a group of boys stopped in, lots of volume, maybe a little off key here and there but still spreading the Christmas spirit. Thanks to all of you and may your Christmas be a happy one.

Old Santa visited Maple Grove Church, Sunday a week ago. It reminded me very much of the country church down in Clinton county where I attended as a boy. Just looking over the congregation you can tell you are in a fine community. Everyone was smiling and most of all the boys and girls. I never saw a finer group. To me church groups and communities such as Maple Grove are the backbone of our country. Congratulations and best wishes to all of you from Santa.

New Year's resolutions will be the order of the day. Have you made yours? Let's all look forward, firm in the belief that 1958 will be a great year. A year of peace, opportunity, hope, prosperity and good will. In spite of Sputniks and Kruchevs we have the greatest country in the world and the finest people, so we at Brandenburg's approach 1958 with vigor and aggressiveness, firm in the belief that if we work hard, treat our customers fairly and honestly, just try to be good citizens and good neighbors, business will be good. So happy New Year to one and all.

A group of High School carolers led by Bob Newman visited us last week. Their music was wonderful. Boys and girls and Bob, words cannot express our appreciation. We hope you keep on coming for many years to come. Also three lovely girls came in one night and sang several songs for Elma and a group of boys stopped in, lots of volume, maybe a little off key here and there but still spreading the Christmas spirit. Thanks to all of you and may your Christmas be a happy one.

Old Santa visited Maple Grove Church, Sunday a week ago. It reminded me very much of the country church down in Clinton county where I attended as a boy. Just looking out over the congregation you can tell you are in a fine community. Everyone was smiling and most of all the boys and girls. I never saw a finer group. To me church groups and communities such as Maple Grove are the backbone of our country. Congratulations and best wishes to all of you from Santa.

New Year's resolutions will be the order of the day. Have you made yours? Let's all look forward, firm in the belief that 1958 will be a great year. A year of peace, opportunity, hope, prosperity and good will. In spite of Sputniks and Krushchevs we have the greatest country in the world and the finest people, so we at Brandenburg's approach 1958 with vigor and aggressiveness, firm in the belief that if we work hard, treat our customers fairly and honestly, just try to be good citizens and good neighbors, business will be good. So happy New Year to one and all.

Ross County Engineer To Run for Congress

Ross County Engineer Josef E. Clark is expected to announce his candidacy for representative to Congress from the Sixth Congressional District Thursday.

Clark, who is Ross County Republican chairman, hopes to win the GOP nomination to oppose Rep. James G. Polk, Highland County Democrat.

The nine-county district is made up of Fayette, Pickaway, Highland, Ross, Pike, Clermont, Brown, Adams and Scioto counties.

According to Roy Cross, Columbus political writer, Clark is certain to have opposition within his party.

Among those discussed as possible Republican contenders for the nomination are former State Senators Albert Daniels of Greenfield and Leo Blackburn of Portsmouth. Robert Walker, Portsmouth, also is

regarded as a possible candidate.

All three have previously sought the congressional seat without success.

DANIELS, according to Cross, appears the most likely candidate to oppose Clark, but Daniels has not said directly that he will run. Answering queries with a "no comment," Daniels has indicated that he may have a statement after the first of the year.

Although friends of Blackburn and Walker have said the two are not interested in reentering the congressional lists, Cross points out that either man probably would have the backing of the Scioto County Republican organization which has been "feuding with the Ross County group or patronage matters."

Cross wrote in a Columbus newspaper that "whoever wins the Sixth District GOP nomination will face a m-n-sie job in defeating the popular Polk."

Anti-Western Blasts Readied

Afro-Asian Parley Writes Resolutions

CAIRO — Delegates to the African-Asian conference put finishing touches today on a list of propaganda resolutions following the broad Soviet line.

Subjects ranged from nationalization to nuclear weapons.

This afternoon's plenary session promised another round of anti-Western speeches by spokesmen for the 400 delegates from 42 nations and colonies. None represents his government officially, and many come from leftist groups either frowned on or outlawed at home.

The question of nationalization first arose during the conference Friday in a speech by the Soviet delegate. The economic committee quickly picked up the theme and was reported ready to adopt a resolution approving governmental appropriation of private property.

An informed source said the resolution, which would have to be approved by the full conference at its closing business session Wednesday, considers nationalization a "lawful means and a right which is acknowledged for every nation in accordance with the principles of sovereignty."

SOME DELEGATES also were discussing the possibility of a resolution thanking Russia for her offer of economic aid or loans to all African and Asian countries. This was one of the major developments at the conference and the one considered by many observers to be the biggest challenge to the West if the Soviet government follows it through.

In the disarmament committee Chairman Kaoru Yasui of Japan said that his group's resolutions would call for withdrawal of all foreign troops, general disarmament and probably a ban on nuclear tests and on export of nuclear weapons.

Yasui said Russian nuclear tests would be mentioned as well as those by Britain and the U. S.

Cincy Team Finds Ancient Royal Tomb

CINCINNATI — An archaeological team from Cincinnati University has discovered a royal tomb and a new wing at the storied 3,000-year-old palace of King Nestor near Pylos, Greece.

That's the report Sunday by Dr. Carl W. Blegen, professor emeritus of classical archaeology at UC and leader of the expedition. He reported to the Archaeology Institute of America, meeting in Washington, that the tomb produced an unusual find—four big pottery jars each holding a complete skeleton—never before seen in Mycenaean tombs of this era.

Dr. Blegen said the tomb held gold ornaments and other trappings of a well-off royal family, and said it may be the tomb of King Neleus, Nestor's father.

The wing unearthed at the palace site could have housed troops or the palace guard. Researchers found bits of inscribed clay tablets that tell of administrative matters such as manpower and spare parts for equipment.

The report was given by proxy since Dr. Blegen is still in Greece. He headed the sixth summer of digging at the site and said he figures more discoveries await untapped areas northeast and southwest of the palace.

Pilot Is 'Forced Down' On Ohio Turnpike

TOLEDO — Sunday traffic was light when James Hart, 37, of Toledo brought a two-place private airplane down for a forced landing on the Ohio Turnpike.

Hart told the turnpike patrol the plane developed engine trouble as he was approaching Toledo Municipal Airport, south of the turnpike. The patrol said since it was a forced landing, Hart will not be charged. Earlier this year a man was charged when he purposely landed a plane on the pike.

Drunk Driver Is Fined \$200

Seven Cases Heard In Municipal Court

A drunken driving case, five other traffic cases and an intoxication charge were heard in Municipal Court Monday. All defendants pleaded guilty before Judge Max G. Dice.

One case, a reckless driving charge against Richard Allen, 23, of 413 Gre. St., was dismissed without hearing at the request of the prosecuting witness, Robert Mick of Route 2.

Fined \$200 and costs and sentenced to three days in jail for drunken driving was Howard Gilbert, 47, of 1020 G egg St. He was arrested E. Market St. His driving rights were suspended for a year.

FINED \$10 and costs, with the fine suspended, for driving with an improper registration was William Wilson, 37, of Route 1, Jeffersonville.

Walter M. McCullah, 20, of Route 3, Washington C. H., was fined \$5 and costs, with the fine suspended, for making excessive noise.

Speeding fines of \$5 apiece were meted out to Donald Gorman, 24, of 1221 Lawlings St., Joseph Smith, 25, of New Holland, and Stanley Mark, 58, of 905 Millwood Ave. Mark's and Gorman's fines were suspended.

Forfeiting \$20 each for non-appearance on reckless driving charges were Richard Whitt, 22, of Chicago, Carol Lambert, 19, Columbus, Okey Albert Hawes, 30, Springfield, and Truman M. Dove, 25, of Foster.

Forfeiting bond on speeding charges were Della Mahra, 20, Jeffersonville, \$20; Cecil Wilson, 25, Dayton, \$25, and Roland Basham, 40, Cincinnati, \$20.

Four Emergencies Treated at Hospital

Four emergency patients were treated and released from Memorial Hospital over the weekend.

John Huffman, 22-month-old son of Mr. and Mrs. Charles Huffman, 903 S. North St., was treated Saturday after he had fallen on a floor furnace in his home and burned both arms and hands.

Robert Lute, Dayton, was treated for lacerations on the forehead. He was taken to the hospital about midnight Saturday. The records do not show how he was injured.

Richard Skinkle, Route 1, South Solon, was treated and released after sawdust had been removed from his left eye.

Sunday's only emergency patient was a 2-year-old Hugh Thomas Brown, son of Mr. and Mrs. Karl Brown, 435 Albin Ave. The youngster fell in his home and suffered a small laceration on his left hand.

Night Club Burns; Loss \$100,000

PAINESVILLE, Ohio — There will be no New Year's Eve parties at the Twilight Gardens at nearby Eastlake. The night club burned to the ground early Sunday with a loss estimated at \$100,000.

Eastlake Fire Chief Donald Vicario, who estimated the loss, said the club was insured for \$450,000. Cause of the fire was not determined. The blaze was well under way when discovered by Ed Sustarsic, manager of the Willow Shore Country Club nearby in Willoughby. Sustarsic ran to a cabin behind the club to wake the sleeping Sam Parella.

Parella, who with a group of associates bought the club in 1953, said he was turned away at two nearby homes before he was let into a third to use the telephone to summon firemen. He said those who turned him away "must have thought I was a bum or something."

No one was in the club. A high school alumni group had sponsored a dance there Saturday evening.

Service Held Sunday In Roofless Church

PRINCETON, N. J. — A group of 120 Unitarians worshipped God under an open sky Sunday. Their church doesn't have a roof yet.

The Rev. Straghan Getter conducted services in the \$100,000 church on the outskirts of town. It was the first service in the church which is about one third finished.

Mr. and Mrs. Howard Harlan, Route 1, Jeffersonville, are the parents of a 9-pound, 2-ounce daughter, born in Memorial Hospital at 6:30 p. m. Saturday.

Mr. and Mrs. Robert L. Wright, Jeffersonville, announced the birth of a 7-pound, 12½-ounce daughter in Memorial Hospital at 12:41 p. m. Sunday.

Mr. and Mrs. Thomas Carr 011, Egypt Rd., are the parents of a 7-pound, 1-ounce daughter, born in Memorial Hospital at 5:40 a. m. Monday.

Fish & Game Assn. Plans 50-50 Dance

A New Year's Eve party, with a 50-50 dance as one of the features, will be held by the Fayette County Fish and Game Assn. at its lodge near Buena Vista Tuesday night.

Music for the dance will be provided by a local all-string band. A buffet lunch will be served late in the evening.

The party, for association members and their guests, is to start around 9 p. m. and continue until 1 a. m. Wednesday.

Miss Wigginton Ends 48 Years as Cashier

A lot of changes have come over Washington C. H. since 1901, but all the turmoil of the years hasn't changed Miss Adelaide Wigginton's zest for hard work.

Miss Wigginton, cashier at the Craig Bros. Department Store, 131 E. Court St., is retiring now after 48 years of faithful service on the same job—and she's not exactly happy about it.

"I'm going to miss the store," she said Friday, commenting: "It's the doctor's orders, though—and anyhow, I'll be able to come in and help out when they're busy."

THOUGH SHE COULDN'T see

why she merited any publicity for spending 48 years on the same job, Miss Wigginton did admit that the long years have brought changes, both for herself and for her ever-so-regular employer.

"We've both grown older, for one thing!" she remarked, but she added: "This is a busier town than it was in 1909."

In retirement, Miss Wigginton says she plans to continue to make her home at 418 E. Temple St. But presently, although she herself was ordered off work by a doctor she's occupying herself keeping house of Mrs. John Case, 320 Cherry St. — who is ill.

Another Strike In Gotham Set

Subway, Bus Workers OK Tuesday Walkout

NEW YORK — The Transport Workers Union went ahead with plans today for a vast strike at midnight Tuesday that would paralyze New York City's entire bus and subway systems.

At an overflow meeting Sunday, nearly 5,000 shouting members of the union roared unanimous approval of the walkout and barred any delay unless an acceptable wage agreement is reached before the deadline.

A strike by the TWU would virtually turn the city's 288 miles of subway tubes into ghost tunnels as well as stopping operation of all city-operated bus lines, eight private bus lines in suburban Westchester County.

The strike vote Sunday followed failure of negotiations between the autonomous Transit Authority and the TWU in an effort to replace their contract which expires at midnight Tuesday.

THE UNION'S demands for a 65-cent hourly increase in a one-year pact and the TA's offer of 18 cents an hour over two years left the two sides far apart.

Present subway wages range from \$1.79 an hour for porters to \$2.37 for power maintainers.

Negotiations resumed this afternoon, with settlement of the subway contract dispute serving as the key issue. The outcome of the subway pay talks will probably determine the wage pattern for 8,200 TWU members employed on the private bus lines, which are also negotiating with TWU.

Tot Is Found After 2 Days In Mountains

CHARLES TOWN, W. Va. — A 3-year-old toddler who wandered for two days and two nights through rugged, mountainous terrain, lay in a clean, white hospital bed today.

Blonde Shirley Ann Ramsburg, tired and hungry, scratched and dirty, lay beside a tree Sunday when a volunteer searcher stumbled upon her. She cried as soon as she saw him.

Dr. Donald K. McIntyre said the little girl was only suffering from exposure, and her condition was satisfactory.

Her scratches were minor. She had lost her coat, shoes and socks, and was clad only in a thin dress. Her toes were blue from the cold.

Temperatures fell to 22 degrees in the mountains Friday night and were below freezing Saturday.

A tiny footprint in the mud along the Shenandoah River had led to fears she had drowned after wandering away from home Friday afternoon. Later, one small shoe was found. The modest house sits in the Blue Ridge Mountains between West Virginia's panhandle and Virginia.

At 5 p. m. Sunday, volunteer Bill Rogers of Martinsburg came upon the grimy-faced child. It ended a ground and air search by police, firemen, National Guardsmen and volunteers.

Kiser Appointed Manager of Murphy Store at Fostoria

Donald L. Kiser, assistant manager of the G. C. Murphy Co. department store here for the last three years, will begin his duties as manager of the company's Fostoria store Thursday.

In announcing Kiser's promotion, A. R. Hinchey, manager of the Washington C. H. store, said that J. R. Kenney, who has been assistant manager of the Murphy store at Logan, will replace Kiser here.

Kiser, his wife and daughter, who have been living at 719 Dayton Ave., will move to Fostoria as soon as they can find suitable housing. He is an 11-year veteran with the Murphy firm.

Mr. and Mrs. Kenney will move here as soon as possible.

W. A. Heath Wins Vacation Trip

Mr. and Mrs. W. A. Heath, 825 Clinton Ave., today are on their way to Miami, Fla., for a week's vacation there and in Nassau, the guests of Colonial Stores, Inc.

Heath, superintendent of the Columbus district, was awarded the trip after winning the 1957 president's division leadership contest.

Mr. and Mrs. Heath left Columbus by plane Monday morning and will start back from Miami next Sunday.

Howard Mann, manager of the Albers Super-market here, which is one of the six stores in the district under Heath's supervision, said the vacation trip won by Heath will include seats for the colorful parade and the Orange Bowl football game in Miami New Year's day, a New Year's Eve party in the Latin quarter of Miami and two and a half days in Nassau, Bahama Islands.

Mr. and Mrs. Heath were accompanied by Mr. and Mrs. W. H. Swain of Columbus. Swain is the company's division manager of operations. The award to Heath was for the best operation of stores in the division, Mann explained.

Legion Plans Dance On New Year's Eve

Legionnaires of Paul H. Hughey post here — and their wives — have completed plans for a New Year's Eve dance in the Legion Hall, 212 N. Fayette St.

The dance, which will be limited to 100 couples, will start at 10 p. m. Tuesday and continue until 2 a. m. Wednesday, after the new year is welcomed in.

Paul Souther is the general chairman and Francis Morgan is handling the reservations.

Music will be furnished by The Rhythm Boys and Dottie of Columbus.

That's the report Sunday by Dr. Carl W. Blegen, professor emeritus of classical archaeology at UC and leader of the expedition.

He reported to the Archaeological Institute of America, meeting in Washington, that the tomb produced an unusual find—four big pottery jars each holding a complete skeleton—never before seen in Mycenaean tombs of this era.

Dr. Blegen said the tomb held gold ornaments and other trappings of a well-off royal family, and said it may be the tomb of King Neleus, Nestor's father.

The wing unearthed at the palace site could have housed troops or the palace guard. Researchers found bits of inscribed clay tablets that tell of administrative matters such as manpower and spare parts for equipment.

The report was given by proxy since Dr. Blegen is still in Greece. He headed the sixth summer of digging at the site and said he figures more discoveries await untouched areas northeast and southwest of the palace.

Pilot Is 'Forced Down' On Ohio Turnpike

TOLEDO (AP)—Sunday traffic was light when James Hart, 37, of Toledo brought a two-place private airplane down for a forced landing on the Ohio Turnpike.

Hart told the turnpike patrol the plane developed engine trouble as he was approaching Toledo Municipal Airport, south of the turnpike. The patrol said since it was a forced landing, Hart will not be charged. Earlier this year a man was charged when he purposely landed a plane on the pike.

Drunk Driver Is Fined \$200

Seven Cases Heard In Municipal Court

A drunken driving case, five other traffic cases and an intoxication charge were heard in Municipal Court Monday. All defendants pleaded guilty before Judge Max G. Dice.

Four Emergencies Treated at Hospital

Four emergency patients were treated and released from Memorial Hospital over the weekend.

John Huffman, 22-month-old son of Mr. and Mrs. Charles Huffman, 903 S. North St., was treated Saturday after he had fallen on a floor furnace in his home and burned both arms and hands.

Robert Lute, Dayton, was treated for lacerations on the forehead. He was taken to the hospital about midnight Saturday. The records do not show how he was injured.

Richard Skinkle, Route 1, South Solon, was treated and released after sawdust had been removed from his left eye.

Sunday's only emergency patient was a 2-year-old Hugh Thomas Brown, son of Mr. and Mrs. Karl Brown, 435 Albin Ave. The youngster fell in his home and suffered a small laceration on his left hand.

Night Club Burns; Loss \$100,000

PAINESVILLE, Ohio (AP)—There will be no New Year's Eve parties at the Twilight Gardens at nearby Eastlake. The night club burned to the ground early Sunday with a loss estimated at \$100,000.

Eastlake Fire Chief Donald Vicario, who estimated the loss, said the club was insured for \$45,500.

Cause of the fire was not determined. The blaze was well under way when discovered by Ed Sustarsic, manager of the Willow Shore Country Club nearby in Willoughby. Sustarsic ran to a cabin behind the club to wake the sleeping Sam Parella.

Parella, who with a group of associates bought the club in 1953, said he was turned away at two nearby homes before he was let into a third to use the telephone to summon firemen. He said those who turned him away "must have thought I was a bum or something."

No one was in the club. A high school alumni group had sponsored a dance there Saturday evening.

Mr. and Mrs. David W. Dewees, 1124 N. North St., are the parents of a 5-pound, 10-ounce son, born in Memorial Hospital at 8:50 a. m. Saturday.

Miss Wigginton Ends 48 Years as Cashier

A lot of changes have come over Washington C. H. since 1901, but all the turmoil of the years hasn't changed Miss Adelaide Wigginton's zest for hard work.

Miss Wigginton, cashier at the Craig Bros. Department Store, 131 E. Court St., is retiring now after 48 years of faithful service on the same job—and she's not exactly happy about it.

"I'm going to miss the store," she said Friday, commenting: "It's the doctor's orders, though—and anyhow, I'll be able to come in and help out when they're busy."

Another Strike In Gotham Set

Subway, Bus Workers OK Tuesday Walkout

NEW YORK (AP)—The Transport Workers Union went ahead with plans today for a vast strike at midnight Tuesday that would paralyze New York City's entire bus and subway systems.

At an overflow meeting Sunday, nearly 5,000 shouting members of the union roared unanimous approval of the walkout and barred any delay unless an acceptable wage agreement is reached before the deadline.

A strike by the TWU would virtually turn the city's 288 miles of subway tubes into ghost tunnels as well as stopping operation of all city-operated bus lines, eight private bus lines in suburban Westchester County.

The strike vote Sunday followed failure of negotiations between the autonomous Transit Authority and the TWU in an effort to replace their contract which expires at midnight Tuesday.

THE UNION'S demands for a 65-cent hourly increase in a one-year pact and the TA's offer of 18 cents an hour over two years left the two sides far apart.

Present subway wages range from \$1.79½ an hour for porters to \$2.37 for power maintainers.

Negotiations resumed this afternoon, with settlement of the subway contract dispute serving as the key issue. The outcome of the subway pay talks will probably determine the wage pattern for 8,200 TWU members employed on the private bus lines, which are also negotiating with TWU.

Mr. and Mrs. Heath left Columbus by plane Monday morning and will start back from Miami next Sunday.

Howard Mann, manager of the Albers Super-market here, which is one of the six stores in the district under Heath's supervision, said the vacation trip won't by Heath will include seats for the colorful parade and the Orange Bowl football game in Miami New Year's day, a New Year's Eve party in the Latin quarter of Miami and two and a half days in Nassau, Bahamas Islands.

Mr. and Mrs. Heath were accompanied by Mr. and Mrs. W. H. Swain of Columbus. Swain is the company's division manager of operations. The award to Heath was for the best operation of stores in the division, Mann explained.

CHARLES TOWN, W. Va. (AP)—A 3-year-old toddler who wandered for two days and two nights through rugged, mountainous terrain, lay in a clean, white hospital bed today.

Blonde Shirley Ann Ramsburg, tired and hungry, scratched and dirty, lay beside a tree Sunday when a volunteer searcher stumbled upon her. She cried as soon as she saw him.

Dr. Donald K. McIntyre said the little girl was only suffering from exposure, and her condition was satisfactory.

Her scratches were minor. She had lost her coat, shoes and socks, and was clad only in a thin dress. Her toes were blue from the cold.

Temperatures fell to 22 degrees in the mountains Friday night and were below freezing Saturday.

A tiny footprint in the mud along the Shenandoah River had led to fears she had drowned after wandering away from home Friday afternoon. Later, one small shoe was found. The modest house sits in the Blue Ridge Mountains between West Virginia's panhandle and Virginia.

At 5 p. m. Sunday, volunteer Bill Rogers of Martinsburg came upon the grimy-faced child. It ended a ground and air search by police, firemen, National Guardsmen and volunteers.

MISS ADELAIDE WIGGINTON

Appropriation Work Started

Preliminary work has been started by the Board of Fayette County Commissioners on the annual appropriations, effective Jan. 1, for the various departments of county government.

Within the next few days it is expected that the board members will be able to complete their work on the resolution to be passed, fixing these appropriations on the basis of available funds for 1958 as estimated by the Fayette County Budget Commission, composed of the county auditor, the county treasurer and the county prosecuting attorney.

At Monday morning's session only routine matters were given attention including discussion of some ditch problems. No official action was taken on these.

New 'Slenderama' Studio Opens Here

A new "Slenderama by Tarr" reducing salon and health studio opened at 117 N. North St. Monday under the direction of Mrs. John Hunter, M. Sterling. The local technician is Mrs. Robert Noel.

Mrs. Hunter will supervise all operations of the new business. She previously managed a similar studio in the Town and Country Shopping Center, Columbus.

Five lounges have been installed and Mrs. Hunter says that no vibrators, no electrical gadgets and no steam cabinets are used in the reducing program.

All work of the studio will be done on an appointment basis. The new salon occupies the space recently used by Dr. Clarence G. Hayes.

The salon will have an open house next Saturday.
